

'73 AD ASTRA

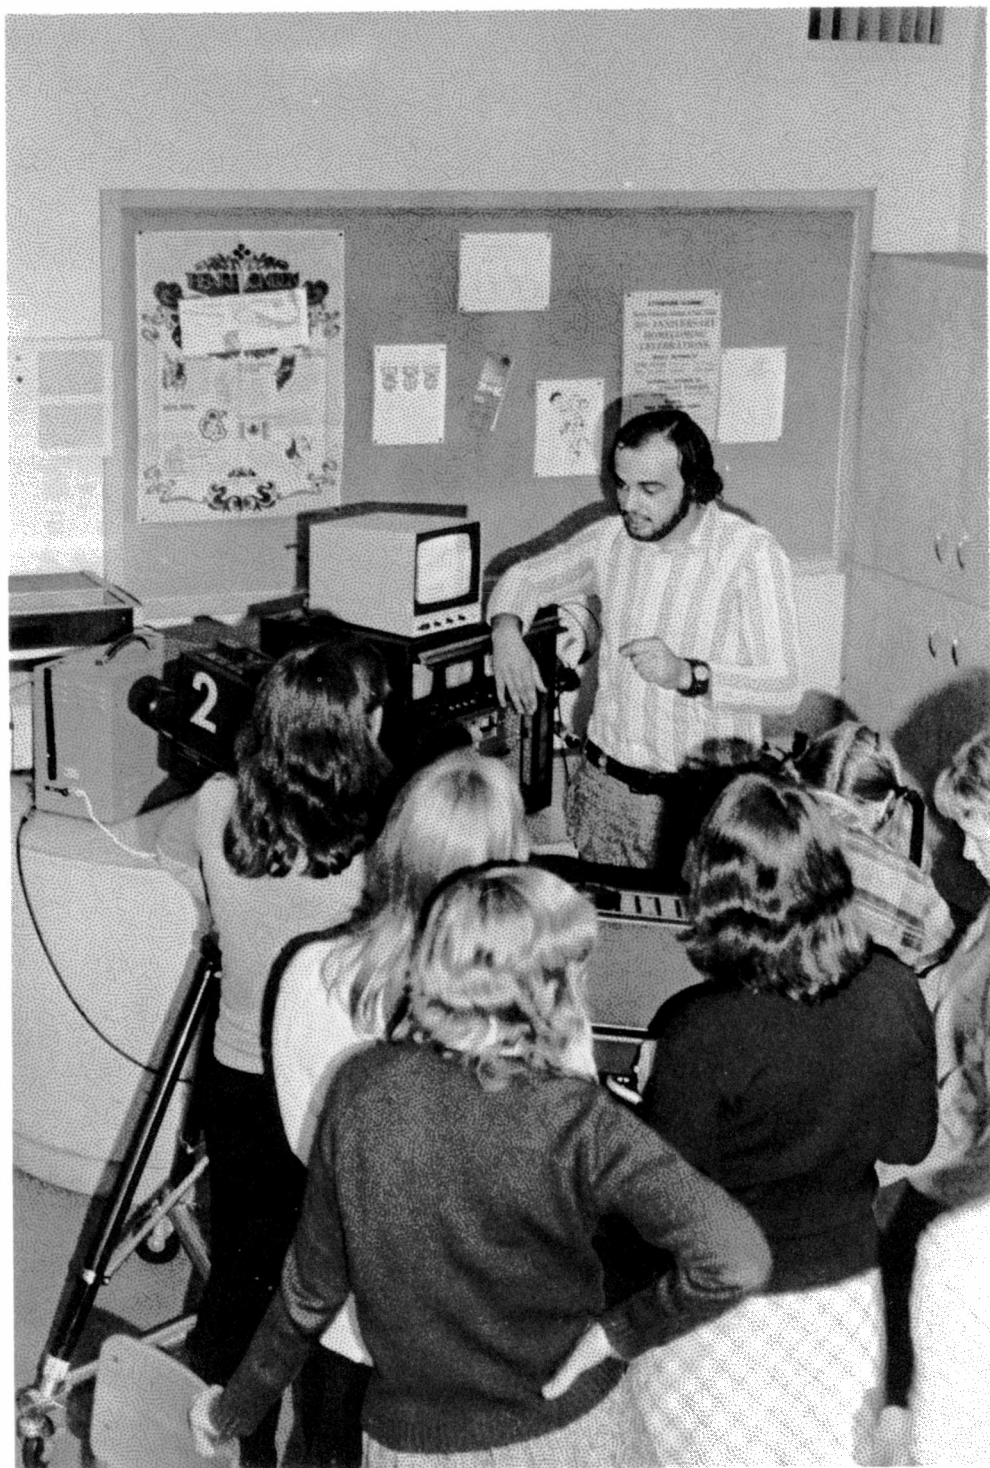

I left my happy home to see
what I could find out

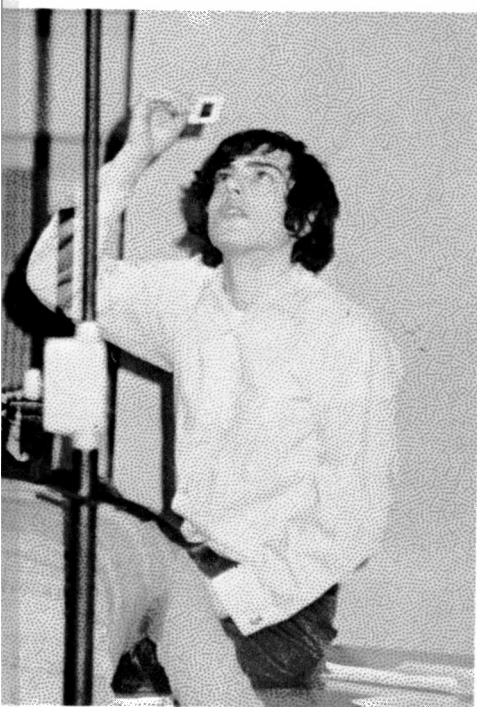

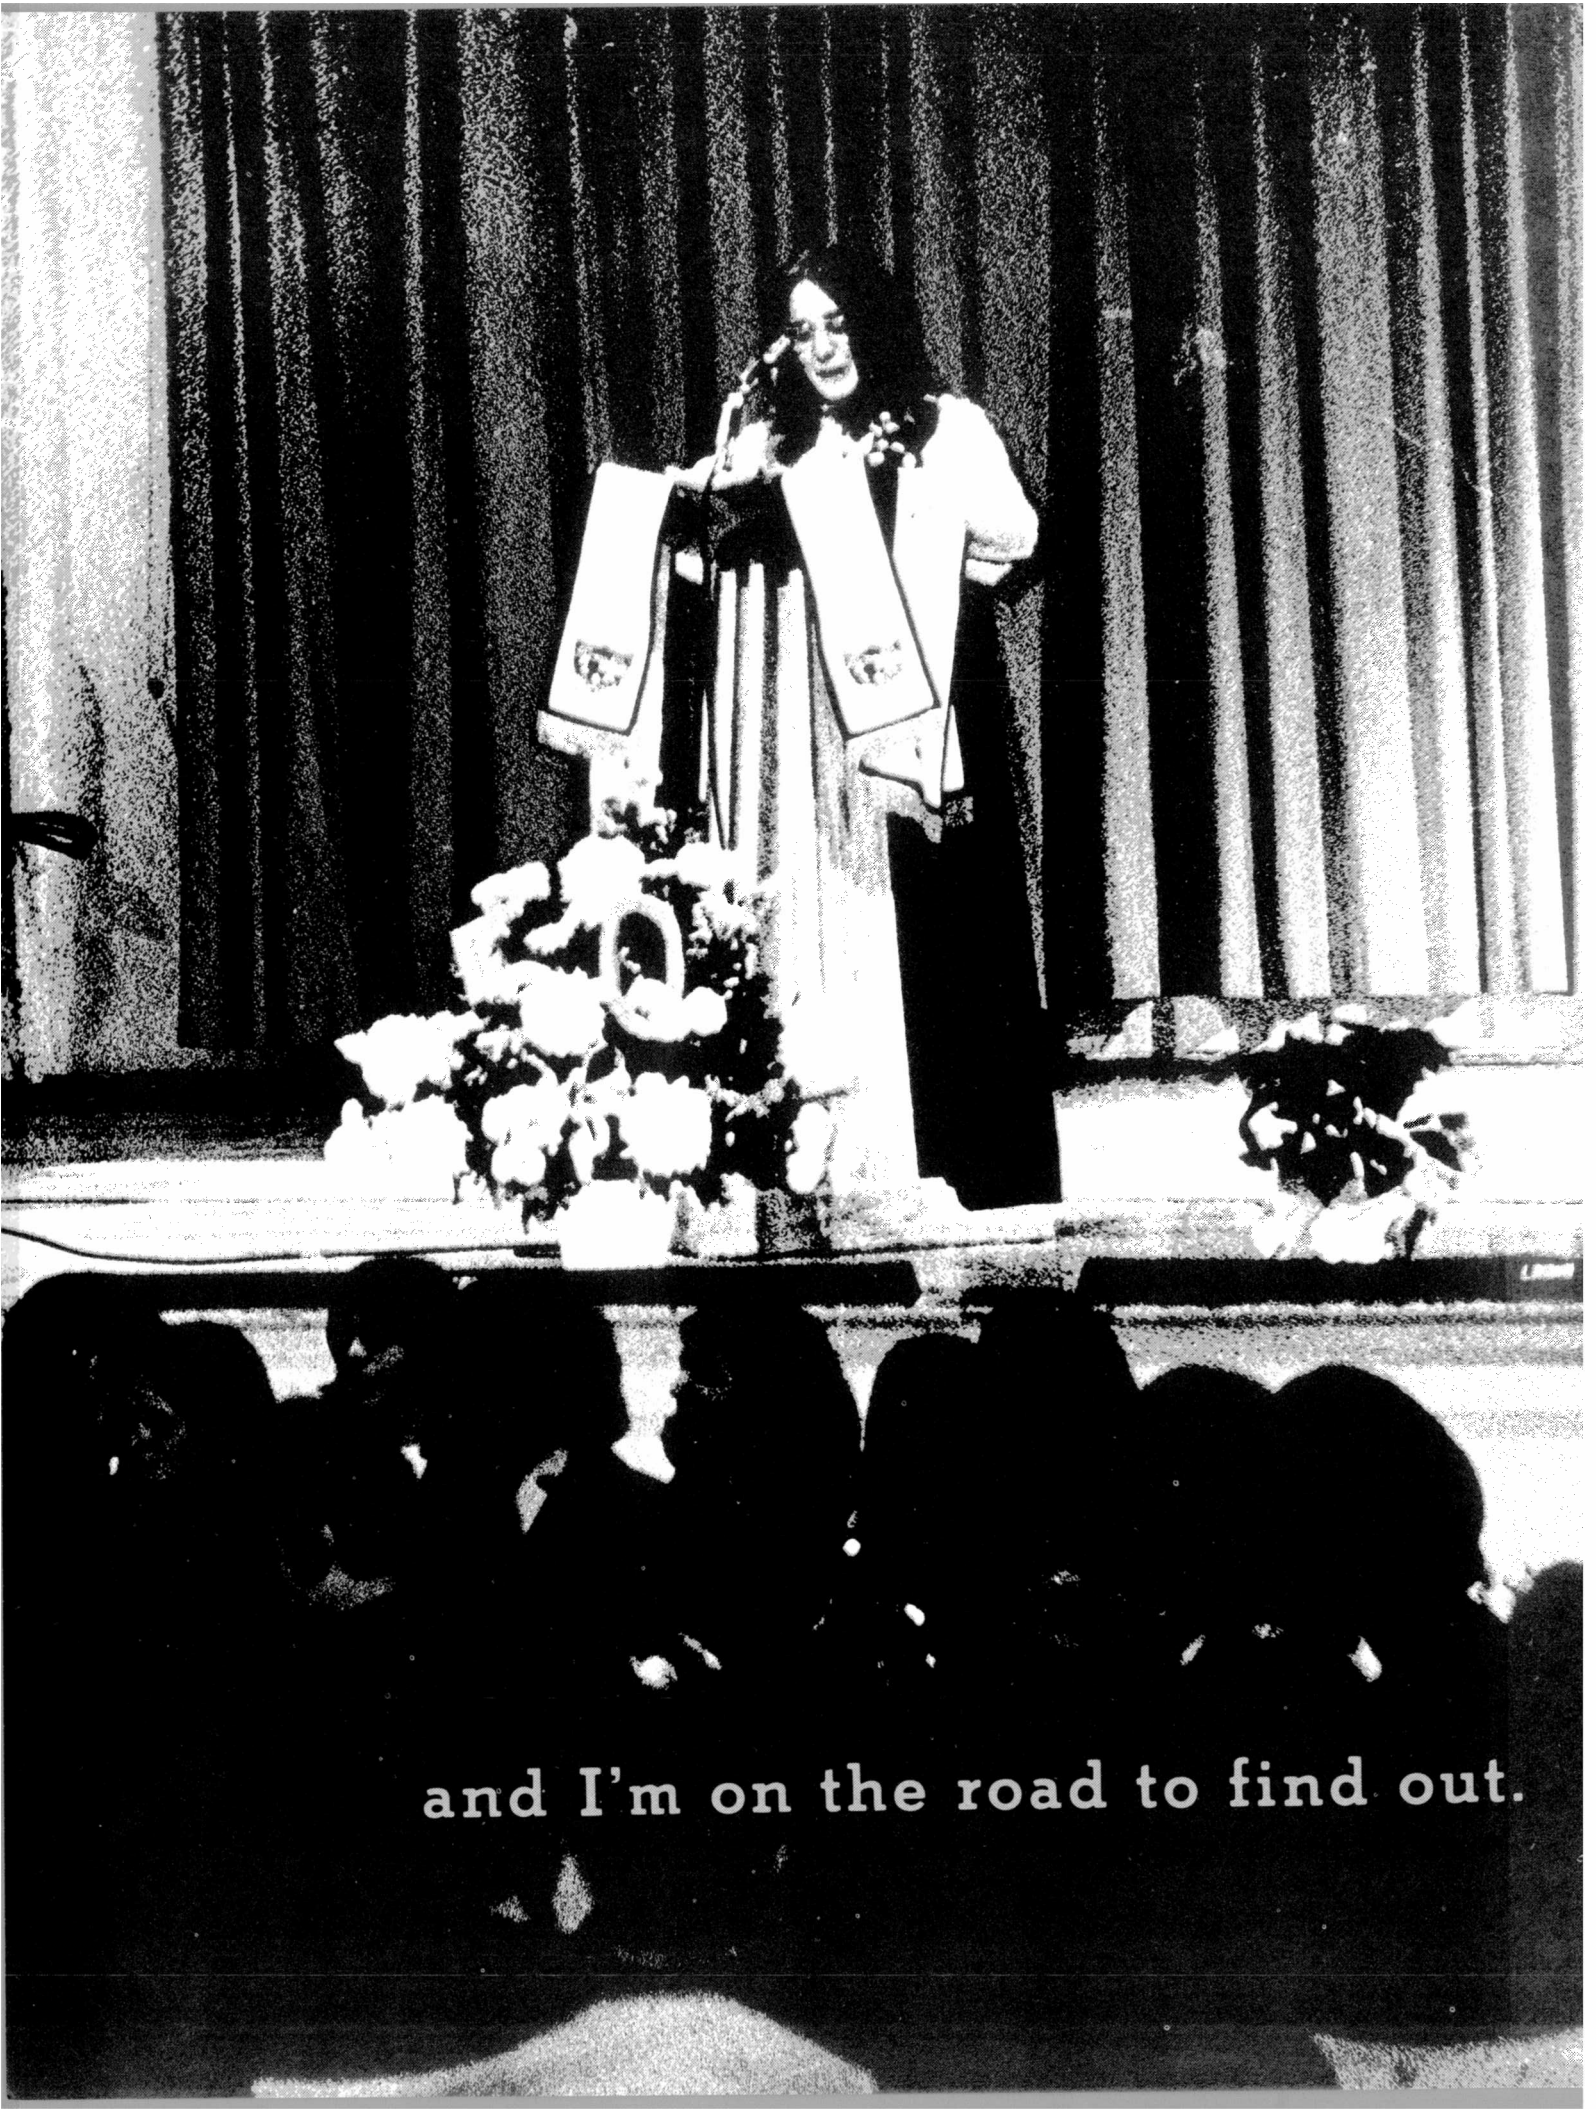

I hit the rowdy road and many kinds I
met there, many stories told me of the
way to get there.

So on I go, the seconds tick the time out,

there's so much left to know

and I'm on the road to find out.

RESPECT

"There must be no room for rivalry and personal vanity among you, but you must humbly reckon others better than yourselves. Look to each other's interest and not merely to your own."

Phil. 2:3 and 4

World leaders, sociologist, psycologists, educationlists, parents, student leaders, etc. continually warn us that society is in a state of flux, change or upheaval. No person would deny this truth. Many times there have been changes that have resulted in better working conditions, better living conditions and generally improvements in society.

But one of the changes that is taking place in society and education is not worthy of commendation. I refer to RESPECT or rather to the lack of it.

Glaring examples are the present conflicts in Ireland and the Middle East. Closer to home are the violent hatreds of blacks and whites in United States. Still closer is the lack of respect of athlete for scholar in our own school system. Why shouldn't an honour student receive the same applause or respect as an athlete or dramatic actress? Why shouldn't a music student be treated with respect if he plays his best in an auditorium programme.

Each of us is different. We have different abilities, ideas, religious views, customs, personalities, appearances, etc.. But surely we must all respect "the other guy"! It would be a "terribly" monotonous world if we were all the same!

Finally, let me as Principal of S.C.I. & T.S. thank the staff and students for all their work concerning the production of another Ad Astra. Congratulations for your good work.

J. A. Saunders,
Principal

Events

The 50th year was a very good year

A variety of events made Scits' 50th birthday a memorable occasion. The Anniversary Committee had the enormous job of co-ordinating all the events for the celebration. The anniversary party began the first day of school, with a tree-planting ceremony on the front campus. The first few shovel fulls of earth were turned by Mr. Saunders, Ian Kelly, Student Council President, and Jocelyn Wellington, Student Council Vice-President.

Then the school was officially reopened as Norval Cheeseman, Director of Education Lambton County, and Mayor Paul Blundy presided over a ribbon-cutting ceremony. Open House was held the same day and alumni parents and students turned out in mass numbers to view the displays, meet with old classmates, and talk with former teachers.

Our anniversary parade began at the S.C.I.&T.S. campus and proceeded through downtown Sarnia to Norm Perry Park, where semi-final football games were played by both Senior and Junior football teams. The parade consisted of some thirty floats depicting life at S.C.I.&T.S. throughout its 50 year history. The rain failed to dampen the spirits of the students or the football teams who went on to victory. The seniors defeated Northern with a score of 2-0, and the juniors against Petrolia, 7-0.

To climax the Anniversary celebrations, an Alumni Dinner was held after the football game on October 27. The dinner and dance were well attended by Alumnus. Johnny Bond and his Alumni All-Stars were on hand to provide music for dancing, as well as S.C.I.&T.S.' own Royal Blues under the direction of Mr. Jolly.

TOP: Mr. Saunders takes the first shovel of earth to plant the anniversary tree on the front campus at SCITS. BELOW: Mayor Paul Blundy and Director of Education, Norval Cheeseman, cut the ribbon at the front entrance to mark the opening of festivities.

To aid the S.C.I.&T.S. Golden Anniversary Committee in covering expenses, the Technical Department, under the guidance of Mr. F. Ditta, went to work and built a "Little Red School House" to be raffled off as a child's playhouse.

The Spades Club sold the tickets at lunch hours, at Sarnia's Lambton Mall, and at the Anniversary Open House. The public responded well and a considerable sum of money was able to be turned over to the Anniversary Committee.

It was an excellent birthday party!

The Anniversary football parade included many floats. TOP RIGHT: Golden Anniversary Queen Betty Routley rides in a vintage auto. A slight drizzle didn't dampen the spirits of the participants or the on-lookers.

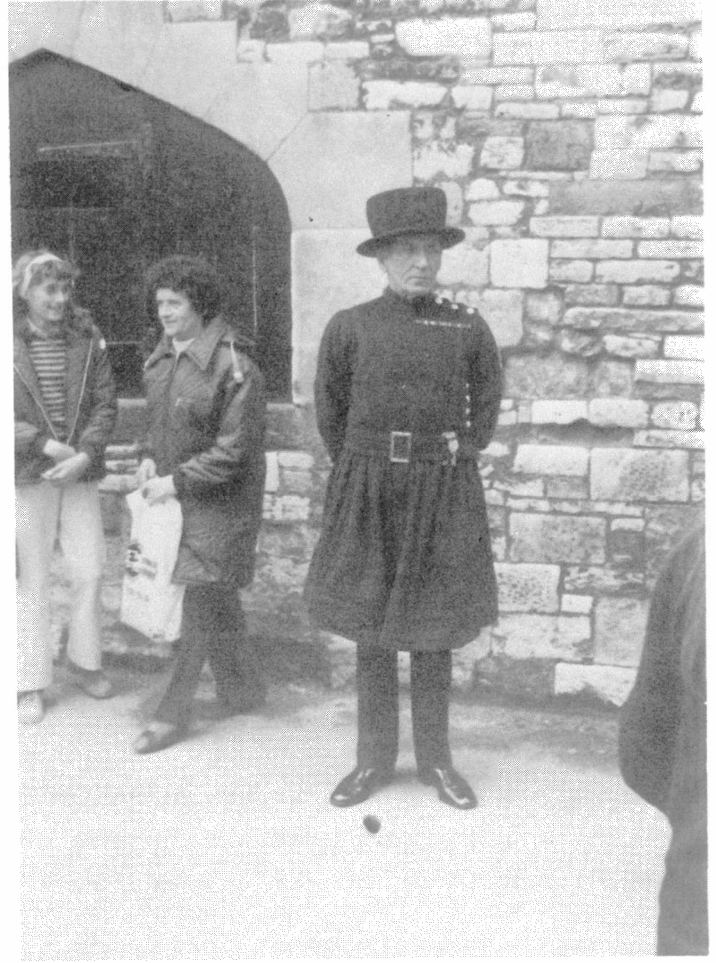

TOP LEFT: Rosemary Lalonde pins a corsage teacher, Miss McDonald, chats with an ex-the U.S. and Canada. MIDDLE TOP: The new end's events. MIDDLE BOTTOM: The Sarnia Concert on Thursday, October 19, 1972. TOP BELOW: Band members and visitors.

Former students returned from all over gym was the scene of a very well-attended banquet which highlighted the week-Boys' Chorale, directed by Howard Braun, performs for the Golden Anniversary **RIGHT:** Mr. N. Cheeseman, Director of Education, and visitor at the banquet.

SCITS Students in England

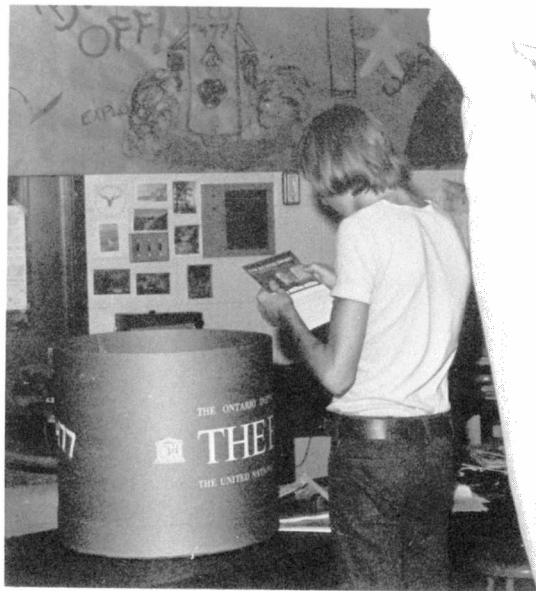

Students hold "Ecology Fair" at SCITS

The old method of classroom instruction could be replaced or at least supplemented by a technique that allows students to re-search their own studies and develop relevant projects.

An experiment to determine the effectiveness of one of the new techniques started about three weeks ago at Sarnia Collegiate Institute and Technical School with over 100 Grade 11 biology students participating.

The students' efforts were rewarded Monday with the opening of an "ecological fair" designed entirely by the students under the supervision of biology teacher, John Bennett.

School Queens Crowned during year at SCITS

Top left is Cheryl Mann, the 1972-73 Frosh Queen. The Frosh Queen is chosen annually from among the Grade nine girls. Top centre are the 15 finalists in the Posture Queen Contest. From left to right they are Becky Selman, Cathy Morrison, Cathy Brown, Sue LeNeve, Janis Nisbett, Becky Wellington, Cathy Hillman, Linda Heath, Mary Jane Kelley, Leslie Tang, Kelly Armitage, Brenda Harrett with Ruth Brown as convenor. Linda Heath, bottom left, was chosen as Posture Queen from among the finalists. Linda is shown with her court, Mary Jane Kelley on her left and Cathy Brown on her right. Mary Jane was first runner-up and Cathy was second. Bottom right is Mary Ann Brown, Miss Sweetheart.

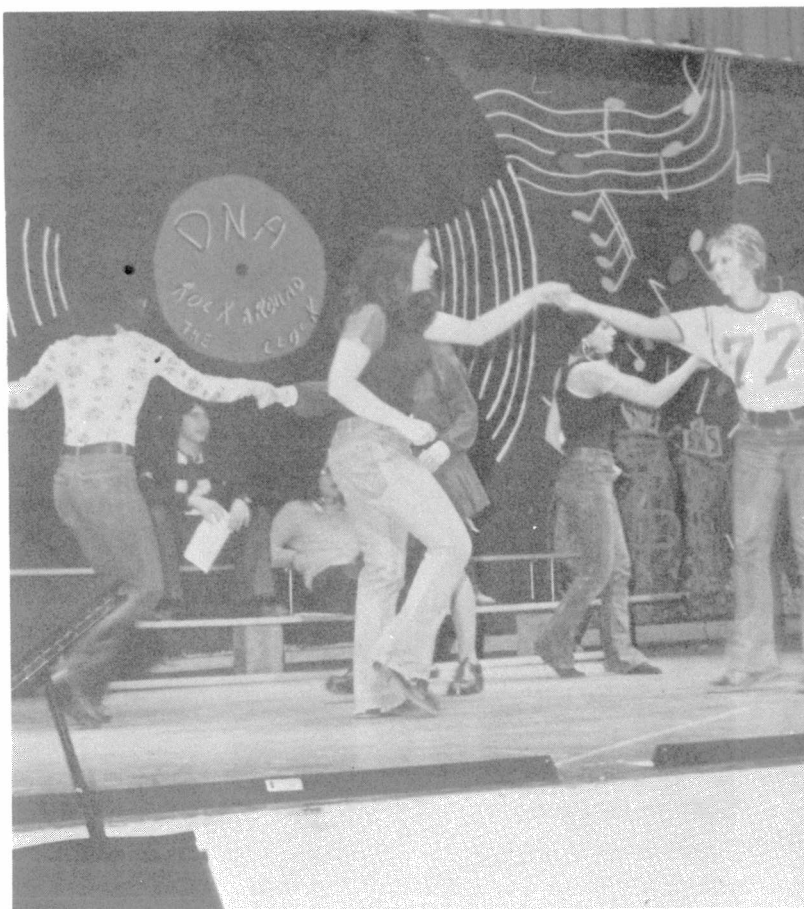

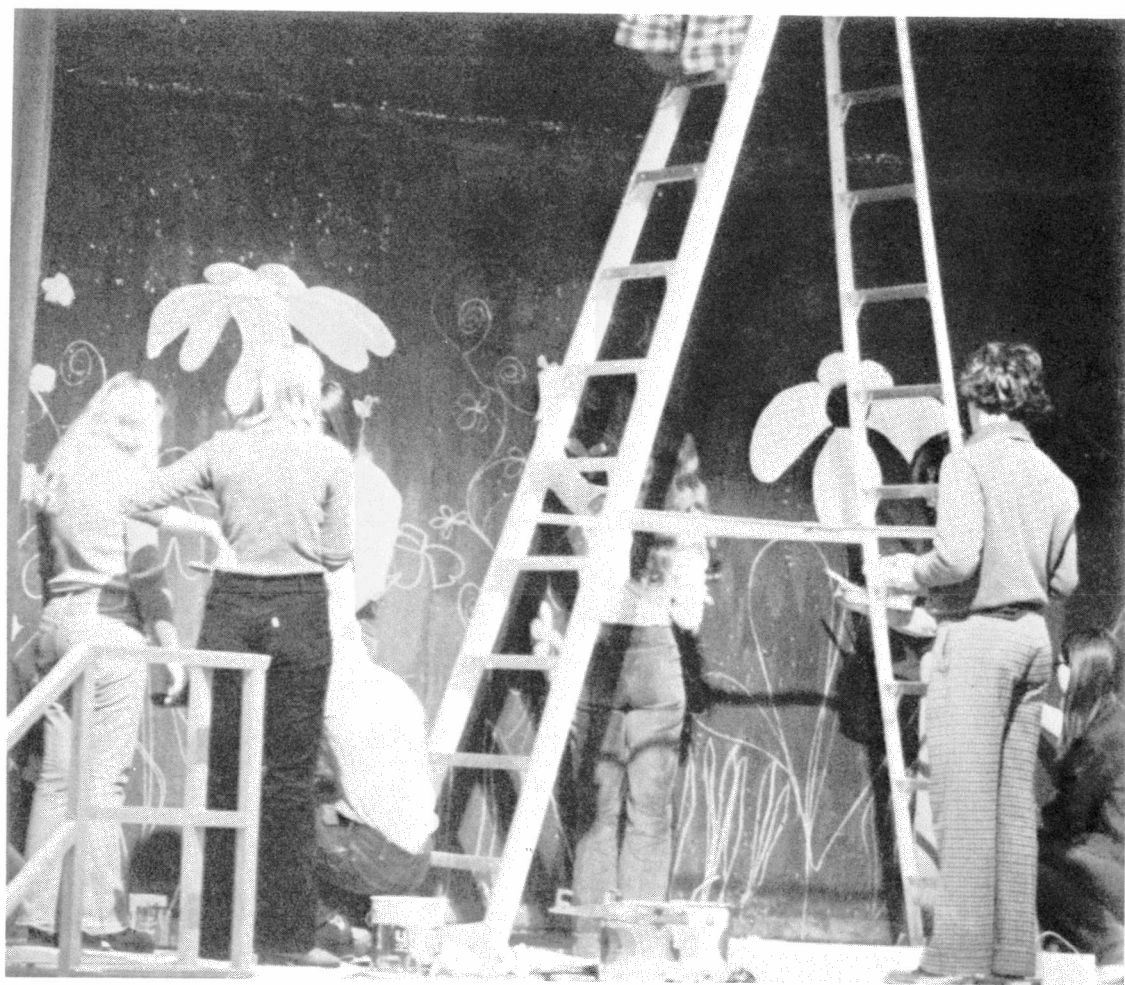

SCITS Revue Theme Those Were The Days

This year's revue, with the nostalgic theme of "Those Were The Days" was a great success. Under the direction of Mr. Archer, Mr. Alexander and Mr. Burrowes, students had the opportunity either to ham it up on stage or help out backstage. The performers included singer, Lorrie Phillips, The Great Balls of Fire and the "Jive" dancers.

The revue depicted times in each decade — from the roaring 20's to our uncertain future. The variety of the show offered something for everyone.

TOP LEFT: Ruth Brown applies make-up prior to showtime. CENTRE LEFT: Directors Burrowes and Alexander discuss plans at writers' meeting. CENTRE RIGHT: Norm Gautier as Elvis "the Pelvis" swivels his hips to the adulation of the crowds. TOP RIGHT: Backstage crew shows artistic talent in preparation of stage scenery. BOTTOM CENTRE: "Jive" dancers rehearse for the 50's skit. BOTTOM RIGHT: The Keystone Kops providing Slapstick Comedy.

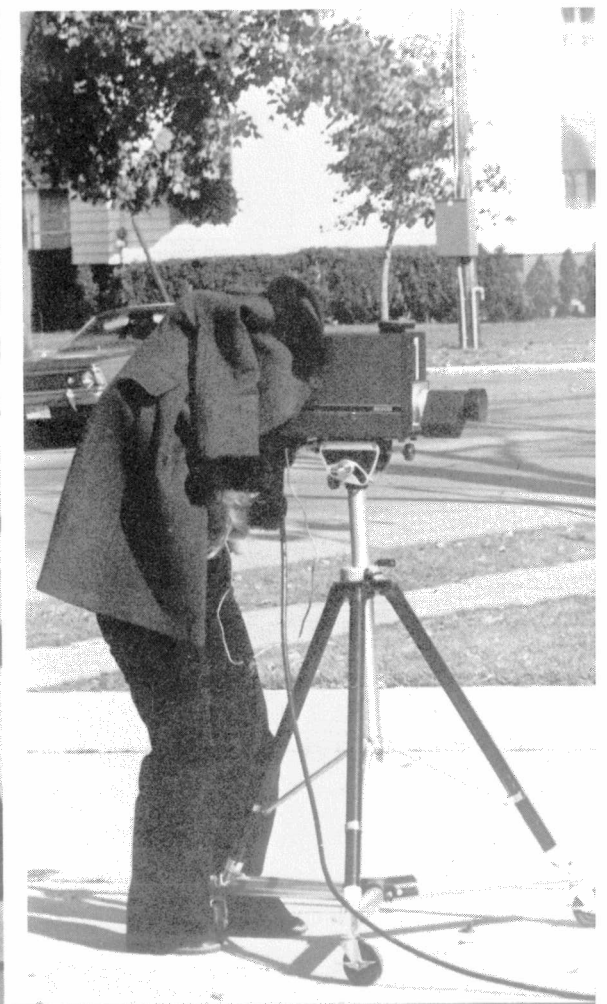

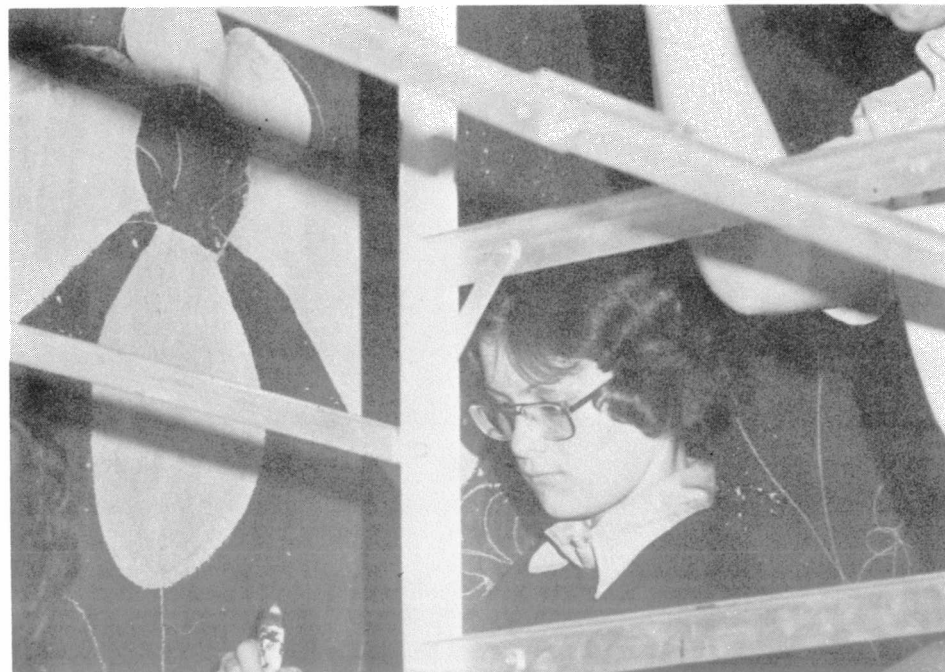

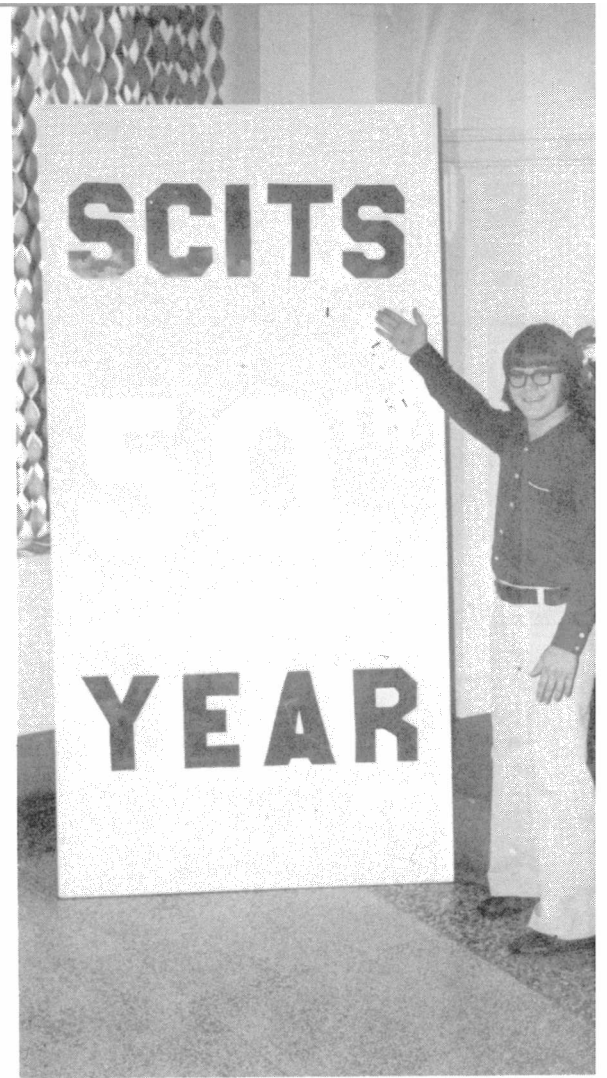

Theme of 1973 Annual

Fashion Show

This year's models included Cathy Brown, Lynn Ellenor, Suzanne Famula, Janet Gardiner, Rosemary Hawkins, Pat McGarry, Joan Rasmussen, Leslie Tang, Becky Wellington, Cathy Wellington, Bill Chong, Steve Groves, Ian Kelly, and Marty Molitor. Commentators were Sue O'Dell and the Manager of Jack Frasers. Fashions were supplied by Saks, Pace Setters and Jack Frasers. The show was produced and directed by Nora McLean and Brenda Cornish.

Council energetic: Students apathetic

Students' Council started this school year carrying out pre-planned ideas concerning our Golden Anniversary celebrations.

Under the leadership of President Iain Kelly and Vice-President Jocelyn Wellington, the council then organized themselves to carry on with the year's regular activities.

One of the first events was the crowning of this year's Frosh Queen, Cheryl Mann.

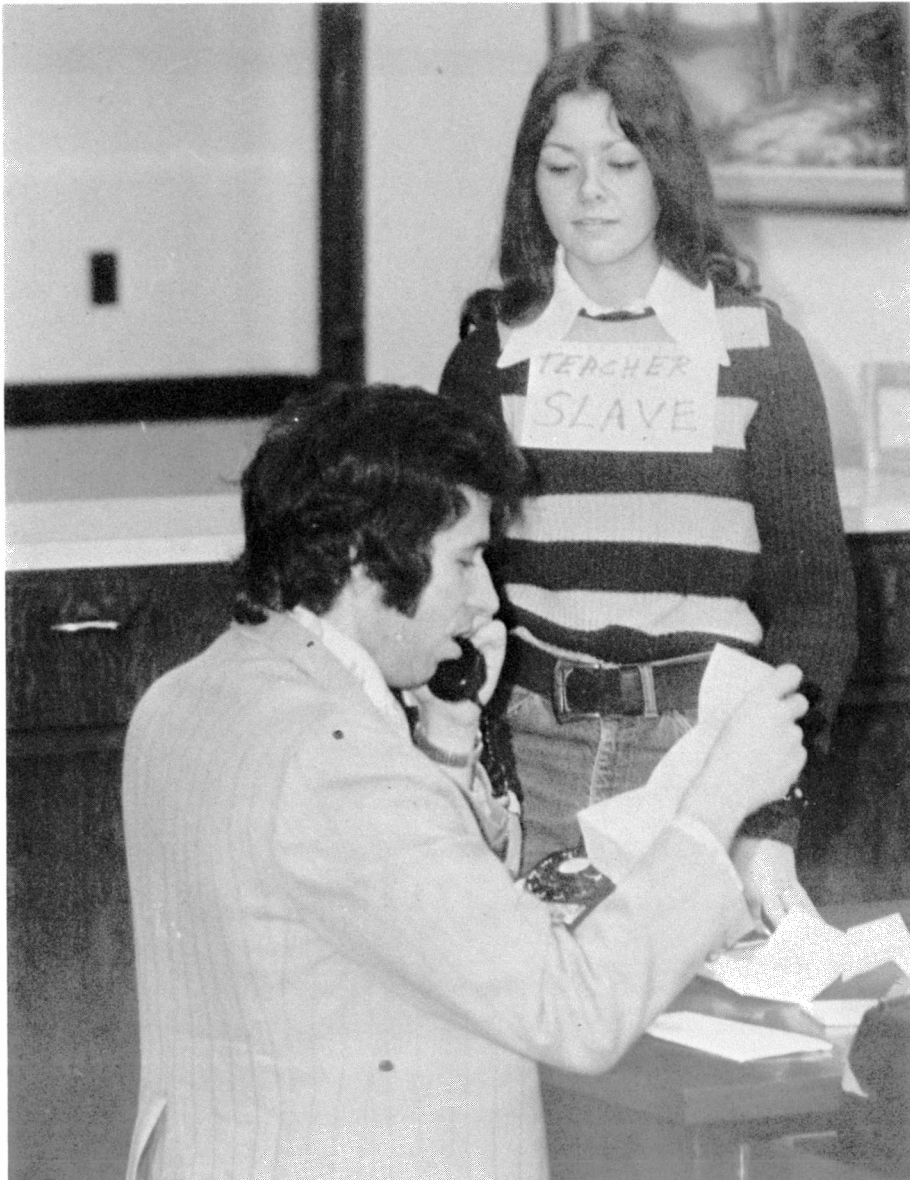

The only dance was held later than usual due to security complications. This year's council regained our Indoor Smoking Area which had previously been unsuccessful.

One event which was very successful, was the annual Slave Day where both staff and students purchased slaves to do their work.

Other events sponsored by the Students' Council were the Teacher-Student hockey game and the Spring Carnival.

In June, elections were held for the offices of President and Vice-President in the auditorium. The candidates for President were: Paul Reece, Mario Galizia, Roman Zydownk, and Ron Lariviere, while Barb Frlais and Steve Groves competed for the office of Vice-President.

Following a close election race, Roman Zydownk and Barb Frlais were announced President and Vice-President respectively.

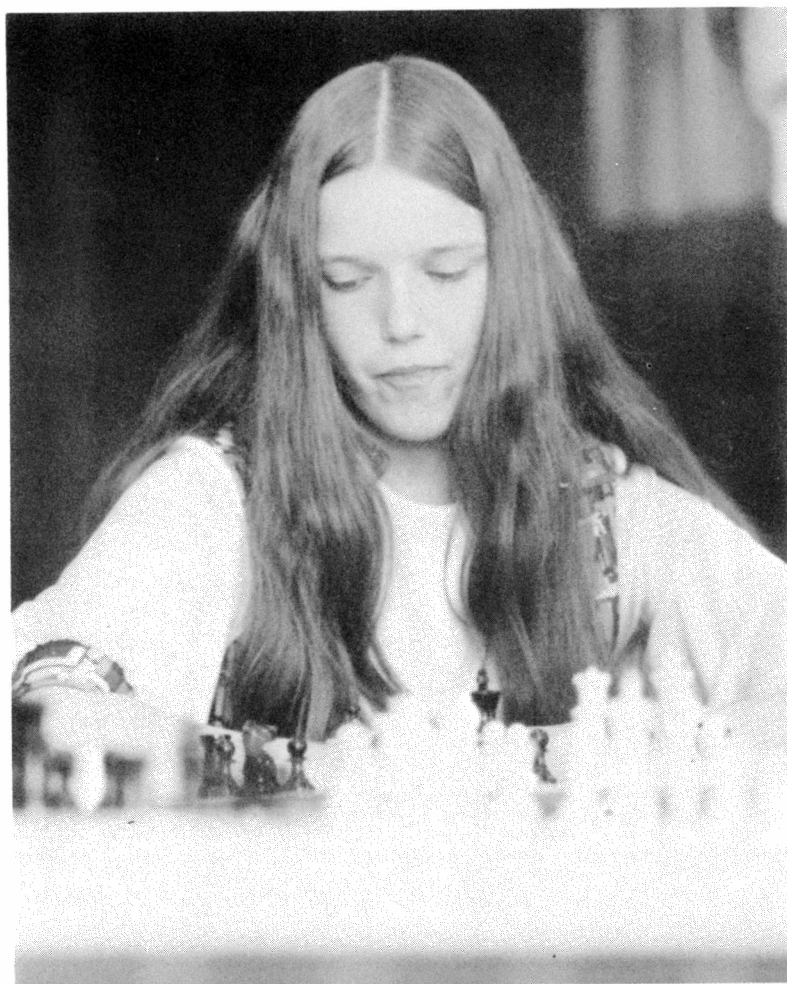

FAR LEFT BOTTOM: Kathy Wellington with Mr. Alexander.
CENTRE TOP: Candidates for '73-74 Students' Council.
CENTRE BOTTOM: This year's Students' Council executives, seated are Staff Advisors Mr. Little and Mr. Wilker, standing are Debbie McWatters, Iain Kelly (President), Jocelyn Wellington (Vice-President), and Maureen Corrigan. BELOW: Candidates for next year's council during a question-and-answer period.

Chess Club scores high in popularity

The Chess Club as always was a booming success. Student participation included many people from all grades. After a hard mental workout over a noncommitted chessboard you become more aware of your mental capacity.

Working with Staff Advisor, Mr. Sprenger, was Rick Dowswell (president), and Stan Jeremek (secretary). All the regulars, Larry Elliott, Wilson Guerette, Brian Lloyd, Paul MacDonald, Jim McLaughlin, Susan Payne, and Doug Wheeler, turned out almost every night after school for a good game. This club helps to teach the student to think in a logical manner in order to obtain a specific goal.

Six trophies which the members keep permanently are being offered for the 1973 competition.

ABOVE: Staff Advisor, Mr. Sprenger with members of the Chess Club. LEFT: A member of the club seriously contemplating her next move.

STOP, LOOK, LISTEN! We're the G.A.A.

The Girls' Athletic Association helps the girls of our school to engage in athletic and social activities.

Eight ambitious members were appointed by the girls for the central executive; Ruthann Ellis, President; Ruth Brown and Lori MacIntyre, Vice-Presidents; Pat McGarry, Referee Head; Cathy Hillman, Secretary; and Evelyn Ellis, Treasurer. The Advisors were Miss Kostaniuk and past President Sue O'Dell.

The G.A.A. float for the Anniversary Parade took first place, and the G.A.A. sponsored the annual fashion show in May. They were also responsible for our annual posture queen contest and the return of the Tramp Champs. The performance by the Tramp Champs was excellent.

The school year ended with a pool and pizza party, and the G.A.A. awards day.

LEFT: 1972-73 G.A.A. Award Winners. BELOW: 1972-73 Individual Award Winners with Miss Kostaniuk are from LEFT to RIGHT: Zdena Kordan, Nora MacLean, Pat McGarry, Susan O'Connor, and Ruth Brown.

Spades promote school, community projects

The Spades Club enjoyed a very active year. Book-checks, coat checks and soft drink sales were undertaken for various school functions. To help the Anniversary Committee, the club sold raffle tickets on the Little Red School House.

Community involvement included delivering favours and singing songs to the elderly at Sarnia General Hospital.

Other activities involved sponsoring a foster child in India, distributing Christmas Seal Posters, and helping with a Saturday afternoon programme at the New Hope School.

The 72-73 Spades Club executives were Janet Gudrie and Gail Pickett. Staff Advisors, Miss Coffey and Miss Mitchell, helped enormously.

RIGHT: President of the Spades Club, Janet Gudrie, standing by The Little Red School House, which was raffled off by the Spades Club during the Anniversary Celebrations. BELOW: Anne MacInnes, Carol Brooks, and Marg Grimes, members of the Spades Club, who often sold pop and checked coats at various school and non-school functions.

Large student group active in library work

Under the direction of Mrs. Barkwell, Mrs. Bebe and Student President, Barbara Deline, the student members operated an efficient library. Throughout the year, hard work was given to managing the circulation desk, straightening the books on shelves, and recording books and magazines. When members had had a turn on the above and learned the fundamentals, they were allowed to work on indexes and the card catalogue.

It may sound like all work and no play; but bake sales, raffles, and a book sale were activities which raised money for the annual library trip. This year, club members enjoyed a trip to Detroit, where they toured Greenfield Village and attended the musical production "Grease" at Fischer Theatre.

TOP LEFT: Mrs. Bebe during inventory. BELOW: Mrs. Barkwell, Head Librarian. ABOVE: One of the library's many raffles. Linda Keys, who made the octopus seen in the background, receives winning ticket from Gary Collins.

Co-ed Archery a first at Scits

This year many enthusiastic students from all grade levels supported Scits first co-ed Archery Club. Weekly team meets were held in the cafeteria on Thursday after school, under the direction of Mr. M. Schiek. With a core of 12 regular shooters and with school-supplied equipment, many students acquired the proper techniques of the sport as well as increased their ability and accuracy.

Teaching staff challenges members of the Archery Club during the evening of Athletic Night.

Lettermen host a busy schedule

The Lettermen's Club's duty this year was to present trophies to the winners of the Dianne McLeod Award and collect and enter points for each student in order for him to obtain his school letter.

Membership is restricted to students that hold one or more of their letters. To receive your letter you must be active socially, athletically and academically.

A student must achieve a minimum of 65 points to obtain a junior letter. The top award is the honour bar which is won when a student acquires 140 points along with three years of first class honours or four years of second class honours. Points may be gained by the following procedure: 10 points for social or service clubs, 10 points for academic participation, and 10 points for sports activities. Students may strive for more points in a particular area once the basic allotment has been gained. A senior letter is awarded when an additional 100 points are won.

Members of the Lettermen's Club with Staff Advisor, Mr. F. McLellan, are Bob Walker, Mary Ann Brown, (President), Pat McGarry, Carol Mattingly, Debbie McWatters, and Sue O'Dell.

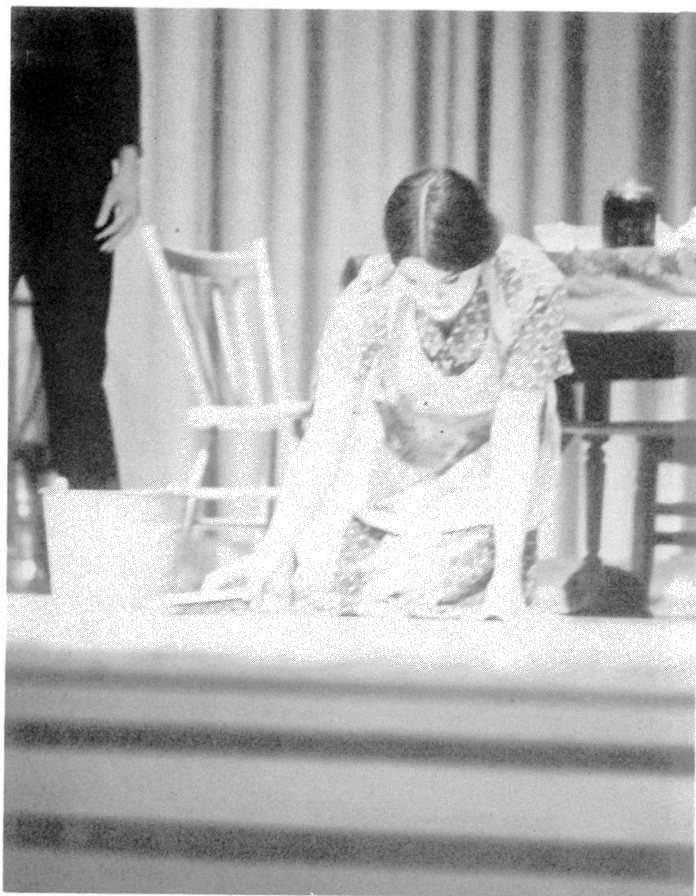

Drama Club stages "I Remember Mama"

The Drama Club is always on the road to find hidden talent.

This year the club staged a successful production of the play "I Remember Mama". Under the direction of Mrs. F. Lewis and the Grade Twelve Theatre Arts classes, the play was enjoyed by both staff and students.

Through the portrayal of characters by different students, the audience was given an insight into the acting abilities of the students here at Scits.

TOP LEFT: Members of the Drama Club with director Mrs. F. Lewis. BOTTOM LEFT: Tracy Molson as the wife of Uncle Chris. TOP RIGHT: Cathy Brown as Mama. BOTTOM RIGHT: Uncle Chris and the three aunts.

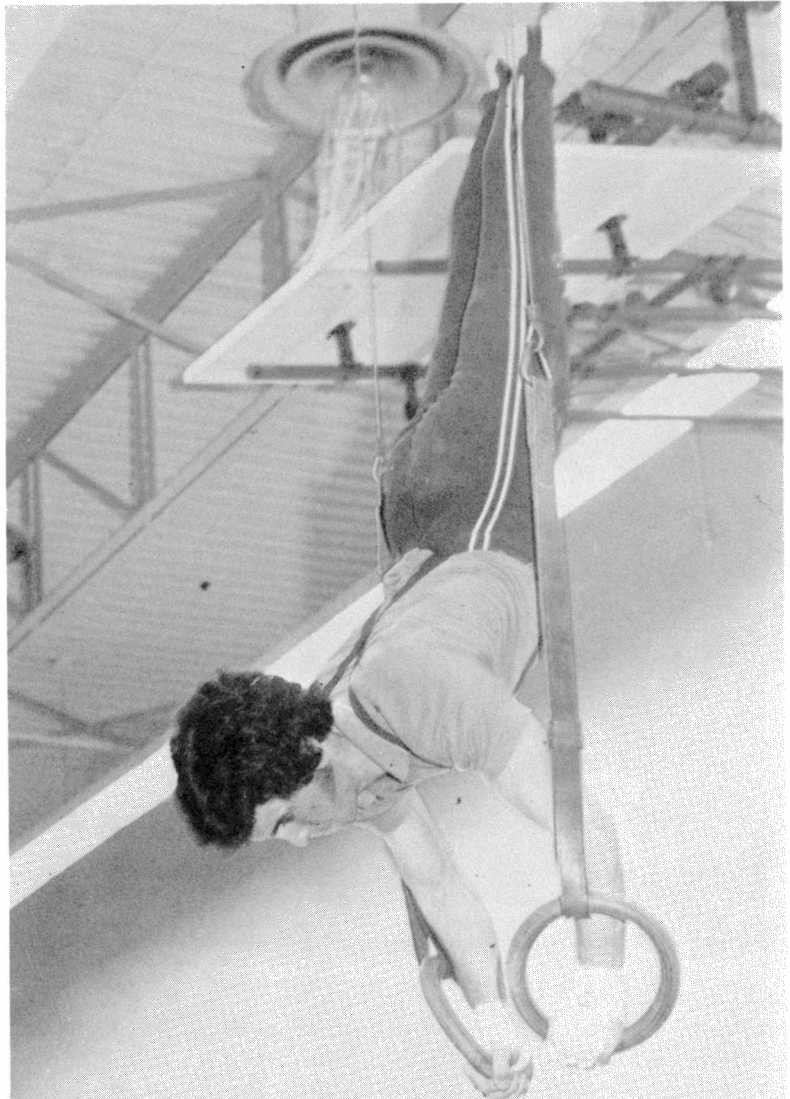

Community work a first for Gymnast Club

Scits Gymnastics Club is an active and refreshing sort of exercise. The membership is open to anyone who is interested. The practices take place twice a week in Gymnasium C. You work on what interests you: mats, unevens, bar, tramp, free calisthenics or balance beam.

Near the end of the spring, a team is chosen to go to St. Clair to a gymnastics meet. They are divided into Novice, Intermediate, and Advanced. If you place at St. Clair you are capable of going to W.O.S.S.A. to compete later on in the year.

A new suggestion for the Gymnastics Club is having three Scits gymnasts teaching a group of students at Lochiel Street School. The meetings would be held Wednesday and Thursday nights.

So, if you like action, come out to the Gymnastics Club and have fun.

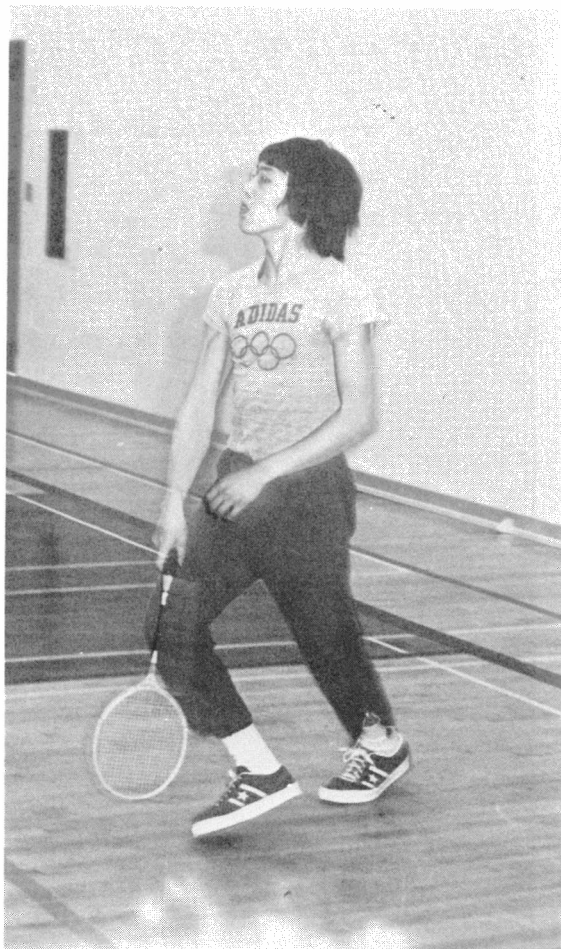

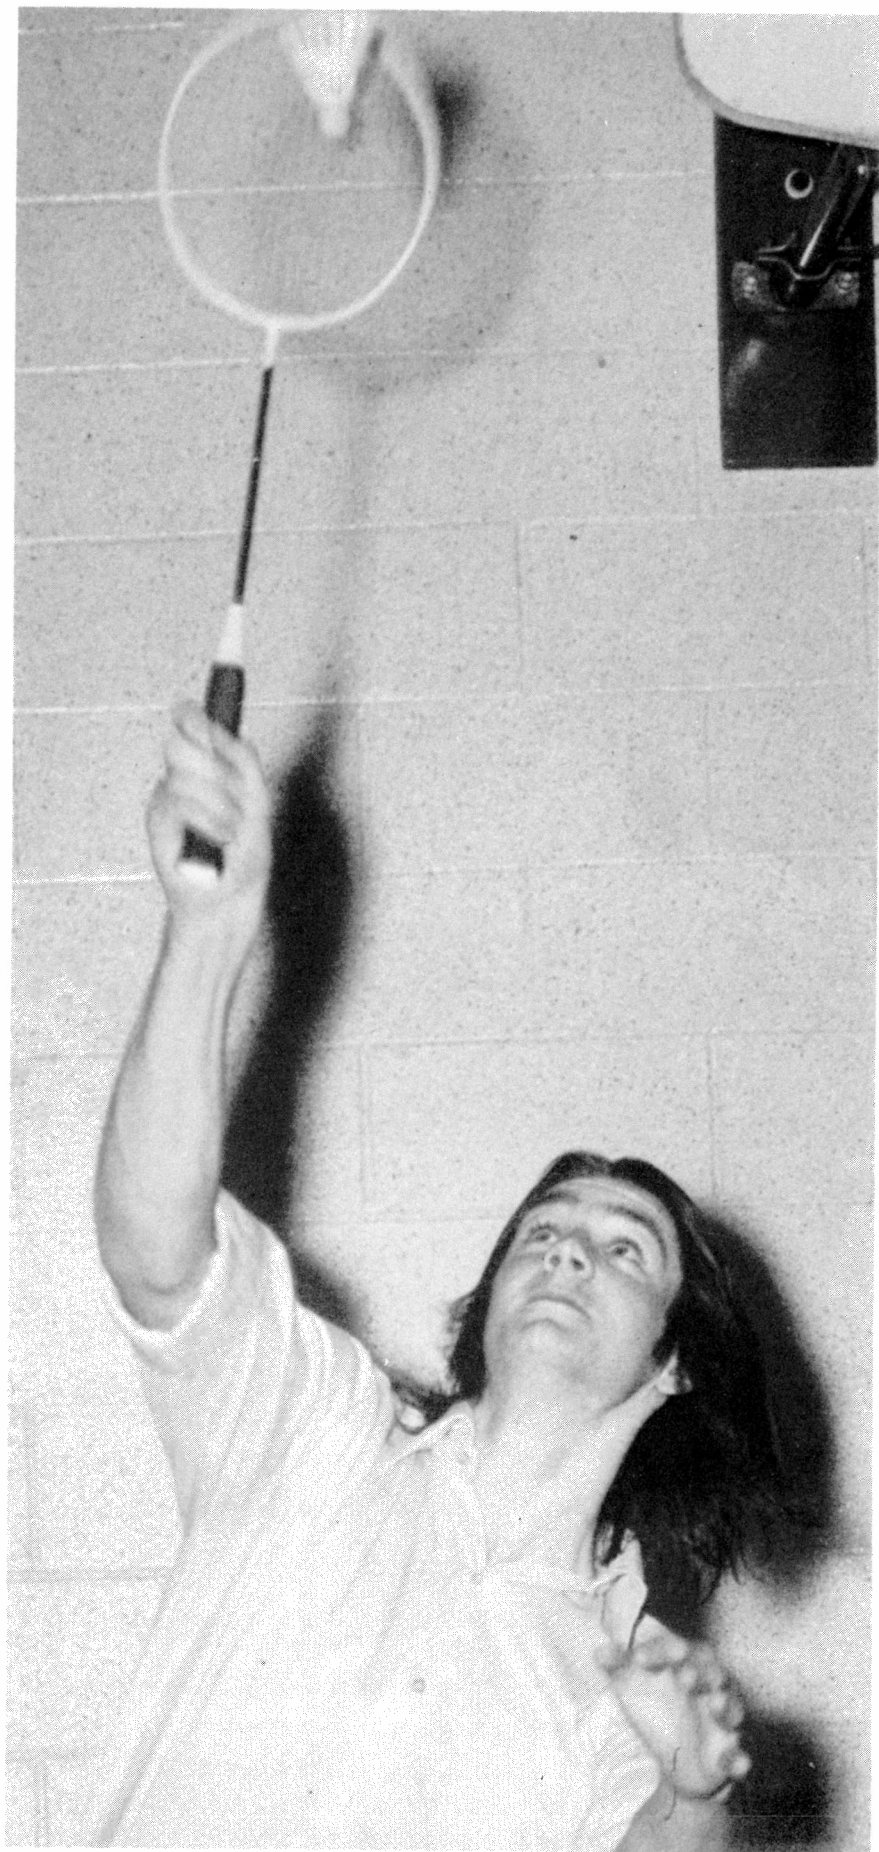

TOP RIGHT: Debbie Timmington and Maureen Quinlan with Staff Supervisor, Mr. J. Scott; Debbie Timmington on balance beam; Mike Packer on the rings.

Badminton players involved in tournaments

The '72-'73 season was the Badminton Club's second year of operation. The Badminton Club met weekly throughout the winter on Sunday afternoons. The club had an average of 24 players turn out. Mr. Hazzard, Club Coach, should be congratulated on the team and individual effort displayed during the season.

Special events included a club tournament, a dual meet with Central, a mixed doubles tournament, the Scits Invitational tourney, and the regular LSSAA and WOSSA tournaments.

Lambton Secondary School's Athletic Association Boys' Badminton Champions were declared at Scits. LEFT: Iain Kelly of Scits defeated Mike Shnare of Northern 15-3, 15-5 in the singles final. Third place was won by Wayne Russell of Petrolia and all three competed in the WOSSA championships. Egan Jamieson and Dave Henry of Central defeated Dan Thorner and Terry Smith of Scits 15-8, 15-1 in the doubles final. Third place in the division and a berth in WOSSA at London was captured by Brian Spettigrue and Larry Ritchie of Northern. BELOW: Ray Jean in gym class practice.

Pipe and Drum Band a first at Scits

The first Pipe and Drum Band in Scits' history was started this fall under the leadership of Mr. J. Kinchsular. Students interested in piping bought chanters to learn the fingerings of the bagpipes.

Helping to instruct the pipers are Karen Kinchsular and Debbie Simpson while Mr. Kinchsular teaches the drummers.

Next year, we hope more students will come out and learn the art of playing the pipe and drums.

LEFT: Karen Kinchsular, Instructor of the Pipe Band.

Bowlers enjoy a good season

The Bowling Club was headed by our favourite machine shop teacher, Mr. Zigmond.

The bowlers meet every Tuesday, right after school at the Mitton Street Bowling Lanes. Six teams started the season, but it slackened off during the year.

Our two secretaries, Cindy Nethery and Peggy Leystra, were assisted by the treasurer, Cyndy Knox.

Mr. Zigmond, who is a regular bowler, instructed the teams and tried to teach the fundamentals of the game. It was a great year and to end it we had a small party at one of the bowler's homes.

If you want some fun and relaxation after school, join the Bowling Club.

RIGHT: Secretaries of the Bowling Club, Cindy Nethery and Peggy Leystra.

Girls' Curling sponsors two rinks

In 1972-73, Scits had two rinks in competition with the other local high schools. The girls curled from October till March at the Sarnia Golf and Curling Club on Monday nights, under the direction of Miss C. Wilson. The girls were also privileged to participate in bonspiels for W.O.S.S.A. and the province. Ruth Norton was the Social Convenor for the Sarnia group as well as skipping one of the rinks. Tessa Catton skipped the other rink. You are welcome to come out next year to enjoy yourselves and at the same time acquire curling skills.

LEFT: Two members of the Girls' Curling Club at one of their meetings. BELOW: Curling Club members, with Staff Supervisor, Miss C. Wilson, are: Tessa Catton and Ruth Norton. FRONT ROW (standing): Debbie Lea, Joan Blakelock, Marg Rose, and Karen Smith. BACK ROW: Diane Charbonneau, Beth Keyes, Ruth Ann Ellis, and Evelyn Ellis.

Boy Curlers place third in County

Scits supported a male curling team in 1973 for competition. Under the direction of Mr. Rome, the team had a relatively successful season. Winning half of their games, the year was climaxed by a third place showing in the league composed of eight high schools from Lambton County. It was an interesting year as members travelled to curling rinks in Petrolia, Watford, and Forest. John Gates was the "skip" while Murray Bishop, Lorne Finnerty, and Ken Restorick were the other team members. Everyone is welcome to come out next year and help revive this enjoyable and skill-testing sport at Scits.

Southerner adopts magazine format

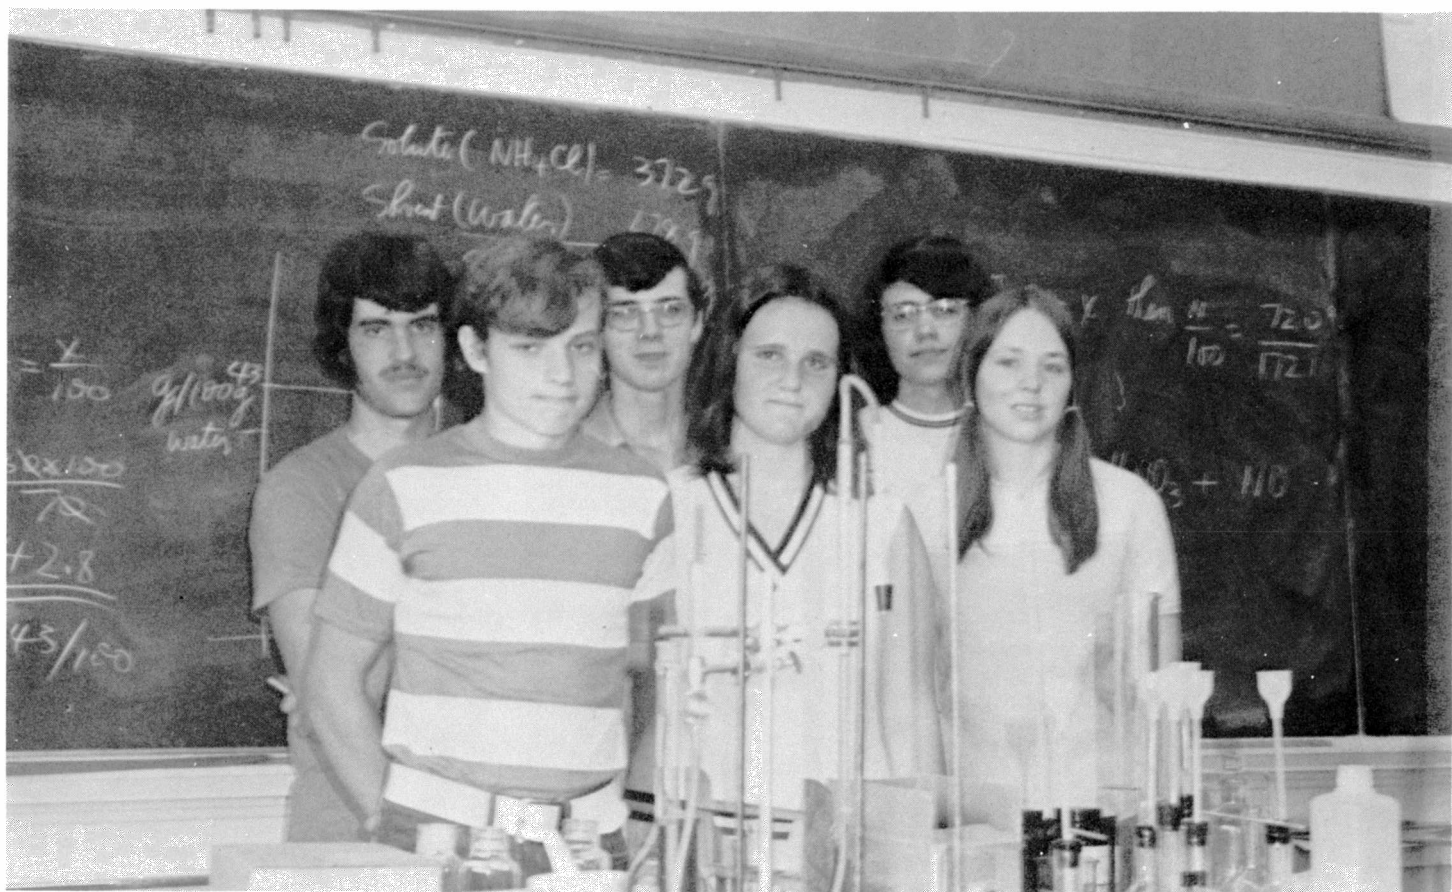

With its core members—Todd Armstrong, Jill Maxted, Barb McCormick, Jim Collins, Gord Buxton, Joe Mooney Paul Mitchell, Mr. Wells, Mr. Shaver, and many others—The Southerner tried to change the format of the paper into a magazine. The paper provided news, sports, interesting articles and the occasional joke or personal comment. Perhaps the paper of the 1973-74 will benefit from the efforts of this year's staff to create a better school paper.

TOP: Holding copies of *The Southerner* are Gordon Buxton and Todd Armstrong; standing with Staff Supervisor, Mr. Shaver, are Susan Maxted, Jill Maxted, Barb McCormick, and Paul Mitchell. RIGHT: Members of the 1973-74 staff, are in front, Gerald Van Dam and Mario Galizia; standing with next year's Staff Supervisor, Mr. Shaver are: Susan Maxted, Todd Armstrong, Jill Maxted and Cindy Nethery.

Scits' scientists probe with achievement

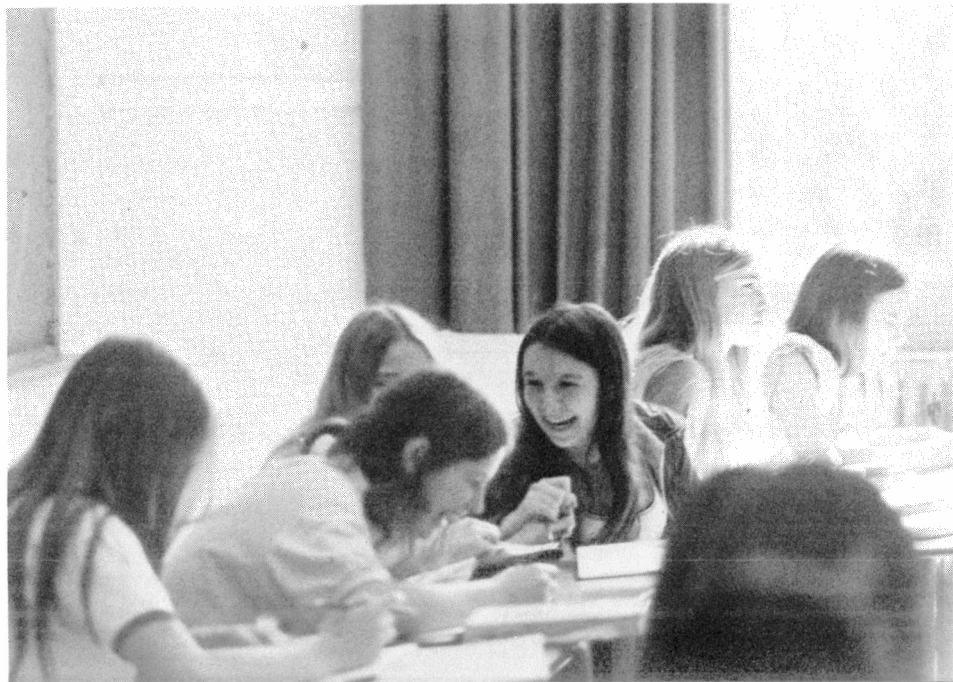

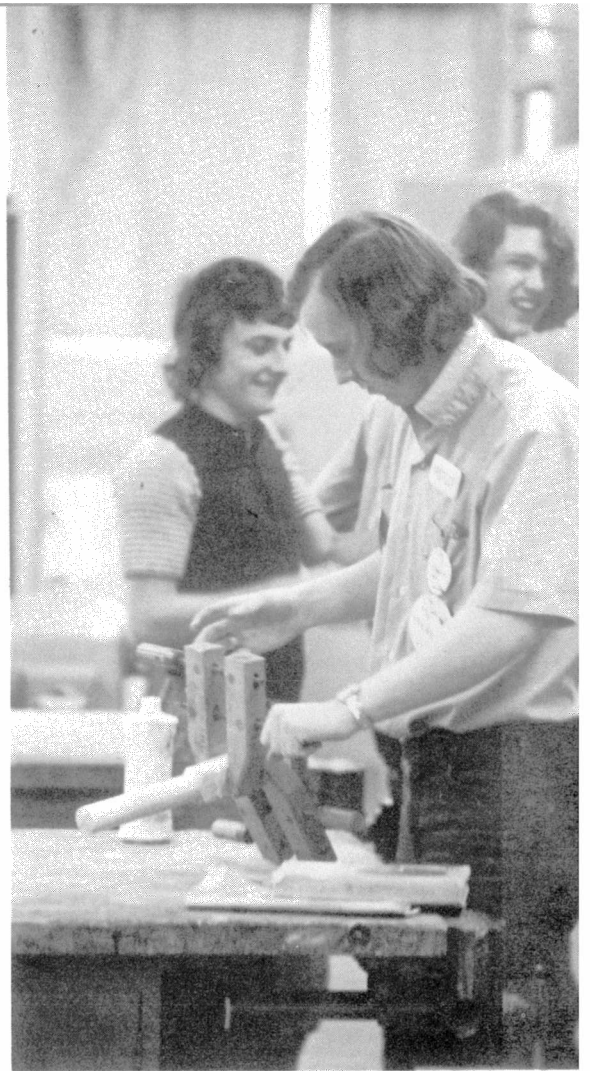

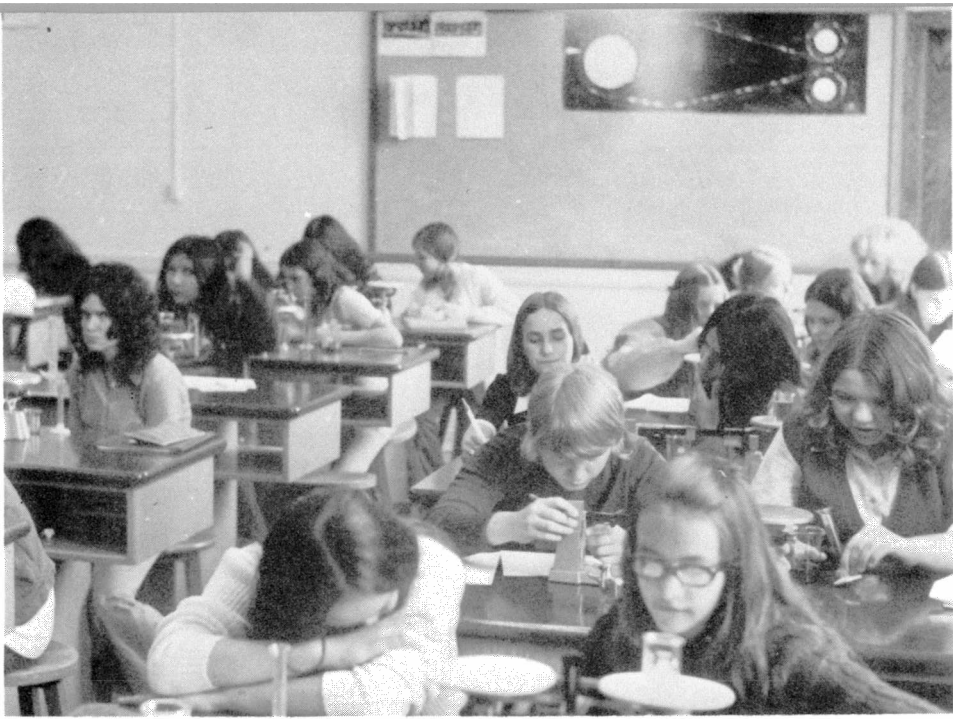

TOP: Members of the Science Club. FRONT ROW: Bob Cranmer, Suzanne Rose, and Laurie Gibb. BACK ROW: Pat McLaughlin, Allen McBride, and Darwin Hayward. LEFT: Science Quiz Team members, from left to right are, Rick Dowswell, Rick Sands, John Murphy, Bill Glass, and John Allan.

Following the theme of the '73 Ad Astra, the Science Club has always been "on the road to find out"—whether it be in the field of Biology, Physics, or Chemistry.

The Science Club met one or two nights a week, under the leadership of Mr. T. McCord, starting in October and devoted most of their time on their projects that were entered in the local Science Fair. The Fair is held each year around April. Many of the projects were in the areas of sound light applications and soil studies. A few members decided to try work concerning the ecology and pollution situation.

The Science Club has always been a popular club, not only for learning but also for enjoyment.

THE FIRST DAY OF SCHOOL

I woke to the sun shining through the window. Sitting up in bed, I wondered why I'd wakened so early this morning. Just another summer morning. Then it hit me! The first day of school. I quickly got dressed, and did a million and one other last-minute things. Finally I was out waiting for the bus. Down the road it came. SWISH! The doors open. I step in. SWISH! The doors close. Some machine. Efficient, like an assembly line in an auto plant. We were all whisked then to the main plant, and dumped at the receiving end, all of us being raw material on a 4 or 5 year production line. A bell in the morning starts the factory, a bell at night shuts it down. It rings and everyone shuffles into their first room. Right away a few accessories are added, such as books, lockers, sheets telling you about this, and sheets telling you about that. Soon you're moved on to the second room on the line. Here another factory worker (sometimes called a teacher) adds on even more accessories. Bell rings. We move. We sit down, and on with part three. And so goes the day, until the 3:12 whistle blows. Factory shuts down for the night. Another 4 or 5 years and then out we come, either well-shaped cogs ready to be fitted into the giant machine called "the World," or rejects headed for the scrap pile. There's only one thing I can say for the high school assembly line, and that is, EFFICIENT.

WE COULD HAVE SO MUCH!

did you ever
love a boy
and know he didn't care?
did you ever
feel like crying,
but knew you'd get no where?
did you ever
look into his eyes
and say a little prayer?
did you ever
look into his heart
wishing you were there?
did you ever
see him smiling
when all the lights were turned down low?
did you ever
whisper "I love you"
but never let him know?
don't fall in love my friend
you'll find it doesn't pay
it always causes heartbreak
it happens everyday
did you ever
wonder where he is at nite
wonder if he's true?
every day you'll find you're happy
the next you'll find you're blue
and when it starts
you don't know why
you'll wonder
day and nite
you see my friend
your losing him
no matter how you fight
love is fine
but it hurts so much
the price you pay is high
if I could chose
from life or death
I'm sure I'd rather die
and so I say
don't fall in love
you'll find you're hurt
before you're thru
you see
my friend
I ought to know
I fell in love with a boy
who walks by
with downcast eyes
will never know my smile
I offer as part of his life

PITY!

we could have so much . . .

Carol Spencer

DESTINY

pulsating
breathing through pores
long unblinking eyes.
we are the soft centre cores.
EncaseD,
prisoners of our minds.
gaining knowledge,
for the destruction of not our kind.
extermination;
we breathe no more.
knowledge and eyes are closed
by the misfortunes of war.

Jim Loxton

FRIENDSHIP

There is nothing better than friendship
To have someone to help you along life's trip
Someone you can trust
And loving him is a must
Someone who laughs and cries with you
Sharing triumphs along with sadness too
Someone you can expose your fears, frustrations, and secrets to
Knowing that it will be only between me and you
Someone who is always there
And to you he always gives a care
Telling each other what we judge, think, and feel
And to each other we do appeal
Friendship is truly to be cherished
Because without it the world would have perished.

Administrative staff experiences busy year

Scits' fifty-first year began with a bang—special opening exercises, a commemorative tree-planting ceremony, reopening the school by area dignitaries, alumni and students, an Open House, a city parade and a host of related festivities. At all times Scits' administrators were involved in the Anniversary and special events calendar for the school year, thereby making their daily routine extremely busy and frequently hectic.

While football promotion receives special priority, (in fact, sports activities do!) by number one Scits' promoter, our Principal, Mr. John Saunders, seconded by his colleagues, Vice-Principals, Mr. G. Stevens and Mr. W. Pataky, the daily office maintains a steady operation.

Although assemblies were few during the 1972-73 year, the Administration took special efforts to further "student-staff-office" relations as demonstrated by experiments to establish an inside-the-school smoking area.

Staff changes in June also affected "the office" with the departure of Mr. Pataky to another County high school. His influence will be greatly missed by staff and students.

Anniversary celebrations initiated Scits into the second half of its first century with unprecedented vigor. The administration's involvement then and throughout the school year was appreciated by all staff and students. It was a very good year.

TOP: Mr. W. Pataky (Vice-Principal), Mr. J. Saunders (Principal), and Mr. G. Stevens.
BOTTOM PHOTO: Miss S. Harness, Miss B. Borody, Miss C. Smith, Mrs. M. Nielsen, Miss E. Gander (seated), Mrs. J. Conlon, Miss M. Barnes.

Guidance defined

Guidance may be defined as the process of helping individuals to assess their abilities and liabilities and to use that knowledge effectively.

This year a great percentage of that help was offered by the staff of the Guidance Department consisting of Mr. David Smith as the Head, Mrs. Betty Murray, Miss Joan Mitchell, Mrs. Della Simpson, Mr. Gavin Hall, Mr. John Scott, and Mr. Frank Ditta.

During a counselling period, the counsellor attempts to: assist the student to understand and accept himself as an individual; i.e. self-awareness; furnish personal and environmental information to the student regarding his plans, choices or problems; seek to develop in the student, a greater ability to cope with and solve problems, whether they be questions regarding his high school programme, post-secondary institution or personal social problems.

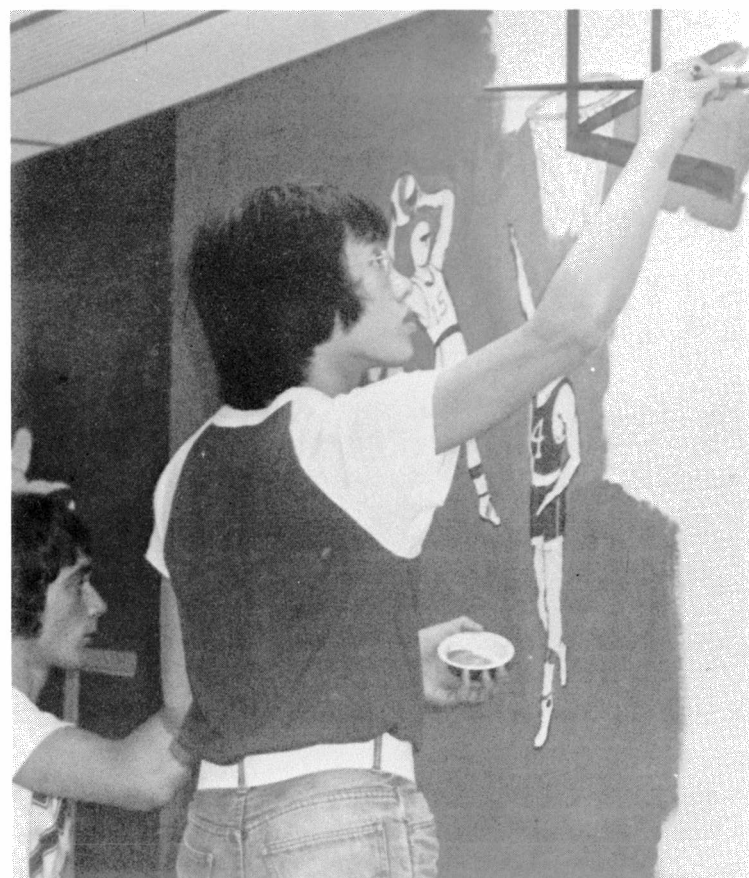

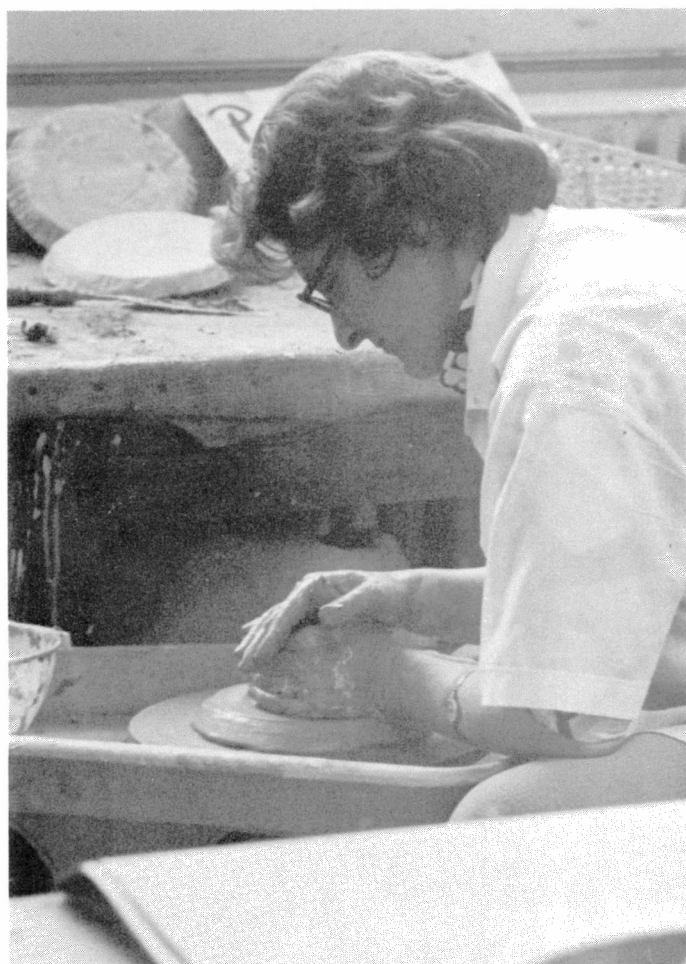

The frequency of interviews depends on the individual and the amount of counselling he requires. Grade 9 students are given routine interviews at the beginning of the year to help with their orientation. They are urged to request an interview at anytime they feel one is necessary. After Grade 9, then Grades 10, 11 and 12 are done in order. However, all students are urged to request an interview at anytime throughout the school year and these request interviews take up about 60% of all interviews done. Every student has at least one interview a year and may have two or more. Guided by a counsellor, a student is aided in decision-making, although the final decision is his own. Recognition is seldom given to the counsellors who are available throughout the day for urgent questions or problems.

CLOCKWISE: Mr. D. Smith, Department Head; Miss Joan Mitchell at Commencement function, and Mrs. B. Murray.

Art Dept. prepares School for 50th year

This year Scits celebrated its 50th anniversary and the Art Department was on hand to help. Most of the permanent work was done by the Grade 13 students. The mobile work which decorated the cafeteria was done by Mr. Ackerstream's Grade 9, 10, and 11 classes, and certain other pieces about the school were also done by other Grade 11 students. One of the major undertakings of the Art Department this year was the set of murals which decorate the halls outside the gym. These murals depicted various sports and were done by Grade 13 students. All in all it was a very productive year for Scits' Art students. Teachers in this department were: Mrs. Kearns (Head), Mrs. Kurvink, Miss Carter, and Mr. Ackerstream.

ABOVE: Mrs. J. Kearns, Department Head, at the pottery wheel. TOP RIGHT: Mrs. K. Kurvink (next year's department head) tidying up silver craft work equipment. BOTTOM RIGHT: Two Art students, Dave Bond and Ray Jean, apply finishing touches to a series of sports murals done by senior students in the new gym corridor.

English Department views productions

The television camera was a frequent visitor to English classes during the 1972-73 year. Grade 13 students participated in two TV workshops including the production of a TV tape on Louis Riel in May. English and Theatre Arts students produced a modern satiric version of *Scrooge* before the Christmas break, and repeated their experience in May with productions of student-written plays on prejudice, women's liberation and Canadian culture.

Field trips enabled many students to see excellent presentations of two Shakespearean plays, *King Lear*, and *Taming of the Shrew* in September and May, respectively. Wayne State productions viewed at the Hilberry Theatre included *Romeo and Juliet* and *The Crucible*.

Several movies, including *To Kill a Mockingbird* were seen during the year. Theatre Arts students presented two afternoons of live drama representing the climax and "final exam" in their course's work. Highlight of the theatrical bonanza was a commendable rendition of *David and Lisa*.

A Canadian Literature course was continued successfully for the second year with Grade 13 students. Other courses incorporated Canadian material into their work. The 1973-74 school year will see the addition of a Creative Writing course to the English programme.

TOP LEFT: Miss R. Hoey. BOTTOM LEFT: Junior English class during television production workshop. RIGHT: Mrs. M. Leithead and her Theatre Arts classes enjoy some Christmas fun at an after-school party.

Technical Department

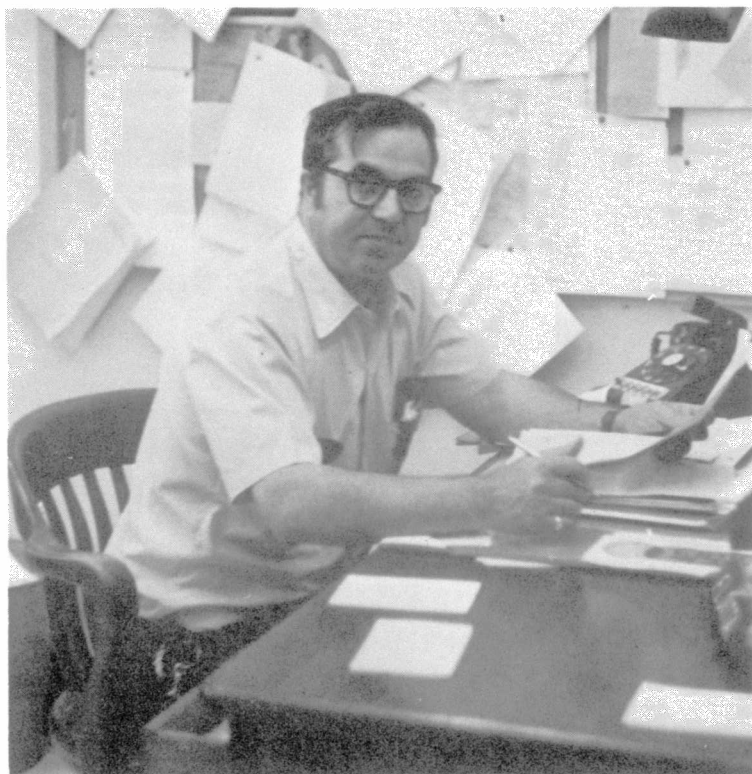

In February of this year, our Technical Department was visited by the Programme Consultant. He complimented on the programme and said it was active, healthy and virile, even though the staff number has depleted since last year.

In the junior years the boys are introduced to basic skills in seven fields: Electricity, Metal Grades, Woodwork, Drafting, Machine Shop and Auto Mechanics. Near the end of the second year, the student may choose his major from the courses offered: Metal Grades, Woodwork, Welding, Electrical Technician, Mechanical Technician, Industrial Chemistry and Auto Mechanics. A "B" average is necessary in his major field with good standings in mathematics and sciences. For students not wishing to specialize, an optional course is offered.

All shops were involved with the Golden Anniversary Parade, and in many cases the materials, tools and labour was supplied by the boys. Their efforts were rewarded when their float won the honour of third place and \$5 – which Mr. Ditta assures will be put to good use.

Trades and Technology courses are not necessarily designed just for boys. This year girls have been seen attending Electricity classes – rumour has it that the girls are doing better than the boys. The Technical Department welcomes any girl who is interested. A two semester programme of various courses for the girls, should be considered: Woodwork and Drafting; or Electricity and Auto Mechanics.

Special thanks goes to those boys who are never seen nor heard, but execute their skills in projecting films and operating lighting and sound in the auditorium throughout the year.

ABOVE: Mr. Ditta, Tech. Director, at his desk after hours. BELOW: Tech. Dept. float which won third prize in the Anniversary Parade.

Time For Discovery

Science is a way of discovery through observation and this year most of our Science classes were given the opportunity to do this on excursions to various points of interest. Grades 11 and 12 visited the Science Centre in Toronto; Grade 13 Chemistry classes toured Dow Chemical and the Sarnia General Hospital. Trips are organized by the Science Department as a whole so Grade 12 trips are not repetitious of Grade 11 trips of last year; this way, different classes go various places.

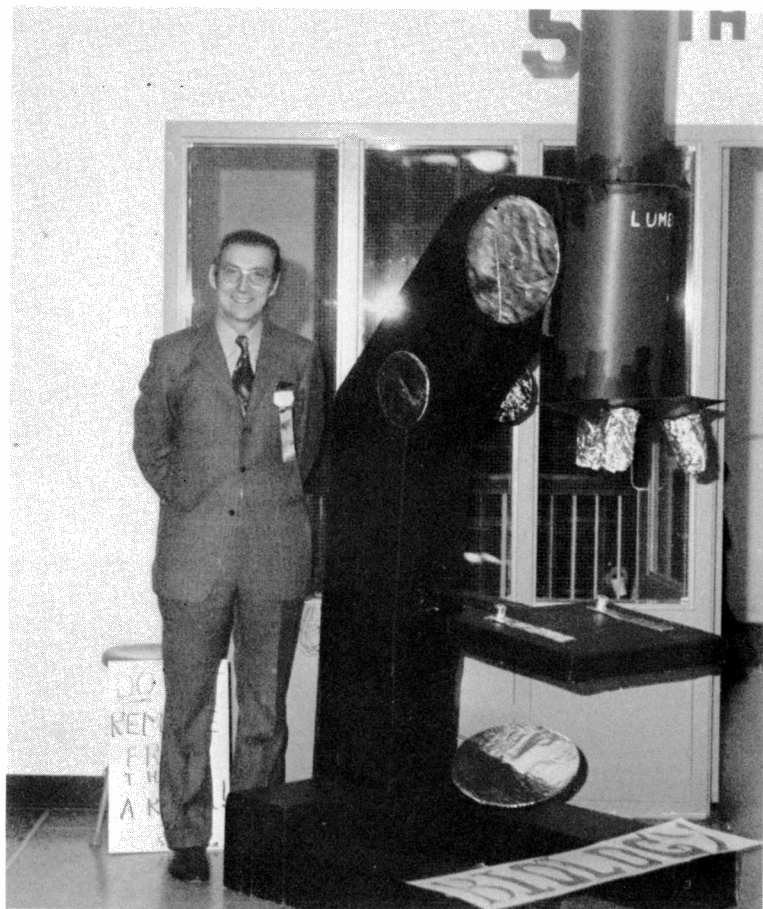

The study of Ecology is analyzing organisms in relation to their environment. The Grade 11's worked on a study project for three weeks concerning this in the Library Seminar Room, after which they presented the student body with an exposition in Gym C entitled "Eco-Box" Project. This included examples of the bad effect we have on nature because of the way we live.

This year the Science Fair was held in Petrolia on April 13th and 14th. A team effort by Lorie Gibb and Suzanne Rose awarded them first prize. Darwin Hayward received a special prize for "Man and His Resources" and a third prize went to Dan Johnston.

The Science Club, for which Mr. McCord is Advisor, is comprised of about ten students who worked on projects at least once a week since September in preparation for the Science Fair. Some of these projects were entered in the Fair with pleasing results. Entries from Scits totalled six.

Teachers connected with the Science Department include Mr. Baker - Biology (Dept. Head), Mr. McCord - Physics, Mr. Hamilton - Chemistry, Mr. Mitchell - Chemistry, Mr. Bryenton - General Science, Mr. Bennett - Biology, Mr. Seller - Chemistry and Science, and Mr. Robinson - Chemistry, a temporary replacement for Mr. Denning who has resigned to work for Monsanto Chemicals.

Experimentation is the key to discovery and the best of luck to our students who will try and unlock the doors of Science next year.

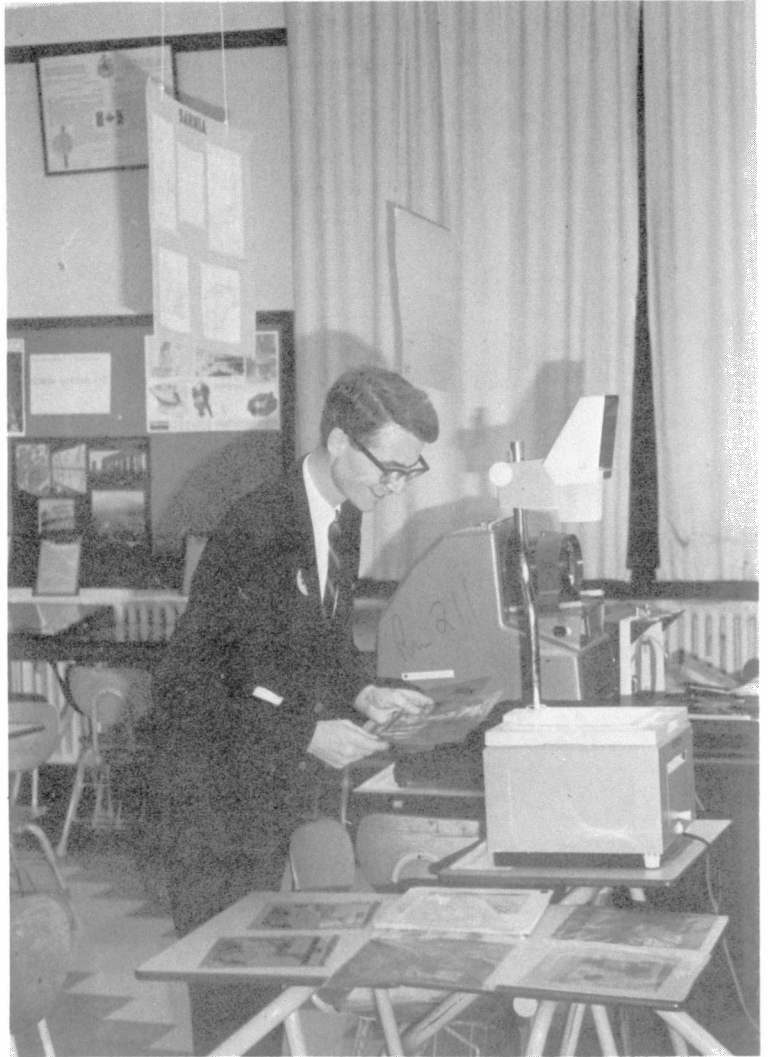

during the Anniversary celebrations. BELOW: Mr. Bryenton of the Department during summer cleanup. BOTTOM RIGHT: Part of the Science Department's Ecology project last fall.

More Involvement Stressed in History Dept.

This year the History students at Scits have had many opportunities to meet in person the people involved in today's politics. As this year was an election year, the three candidates for Federal Parliament came and spoke to the senior students in a question-and-answer period. Later in the year the Hon. Mrs. Margaret Birch, in charge of Ontario's Youth Secretariat, visited the school and spoke to the students. The Man and Society classes had a speaker in from the Ministry of Education and there was also a forum of youth action in politics. For the junior students (Grades 9 and 10) there were field trips to Greenfield Village and the Detroit Institute of Art. Teachers in the History Department include Mr. Phillips (Head), Mr. Barkwell, Mr. Burrowes, Mr. Alexander, Mr. Capes, and Mr. Puppi.

BELOW: MPP Margaret Birch and students following her talk. MP Jack (Bud) Cullen discusses some issues with students. TOP RIGHT: Department Head, Mr. M. Phillips, preparing for open house in October.

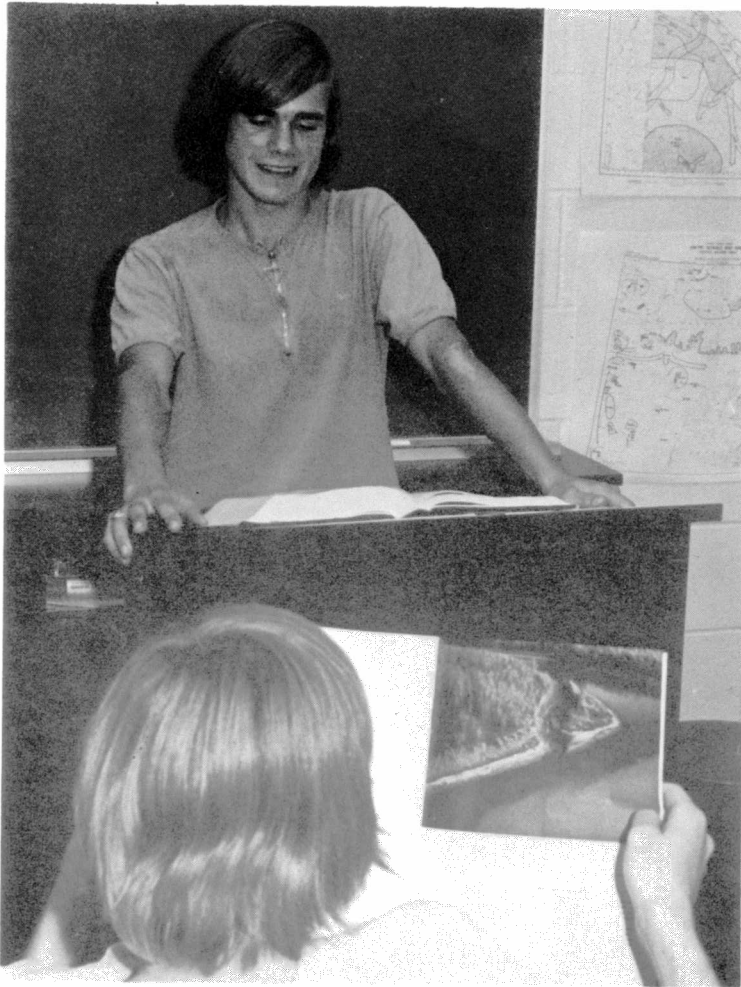

"Dollars and Sense" ... with Geography

The function of Geography in school is to train future citizens to imagine accurately the conditions of the great world stage so that they may think sanely about political and social problems of the world.

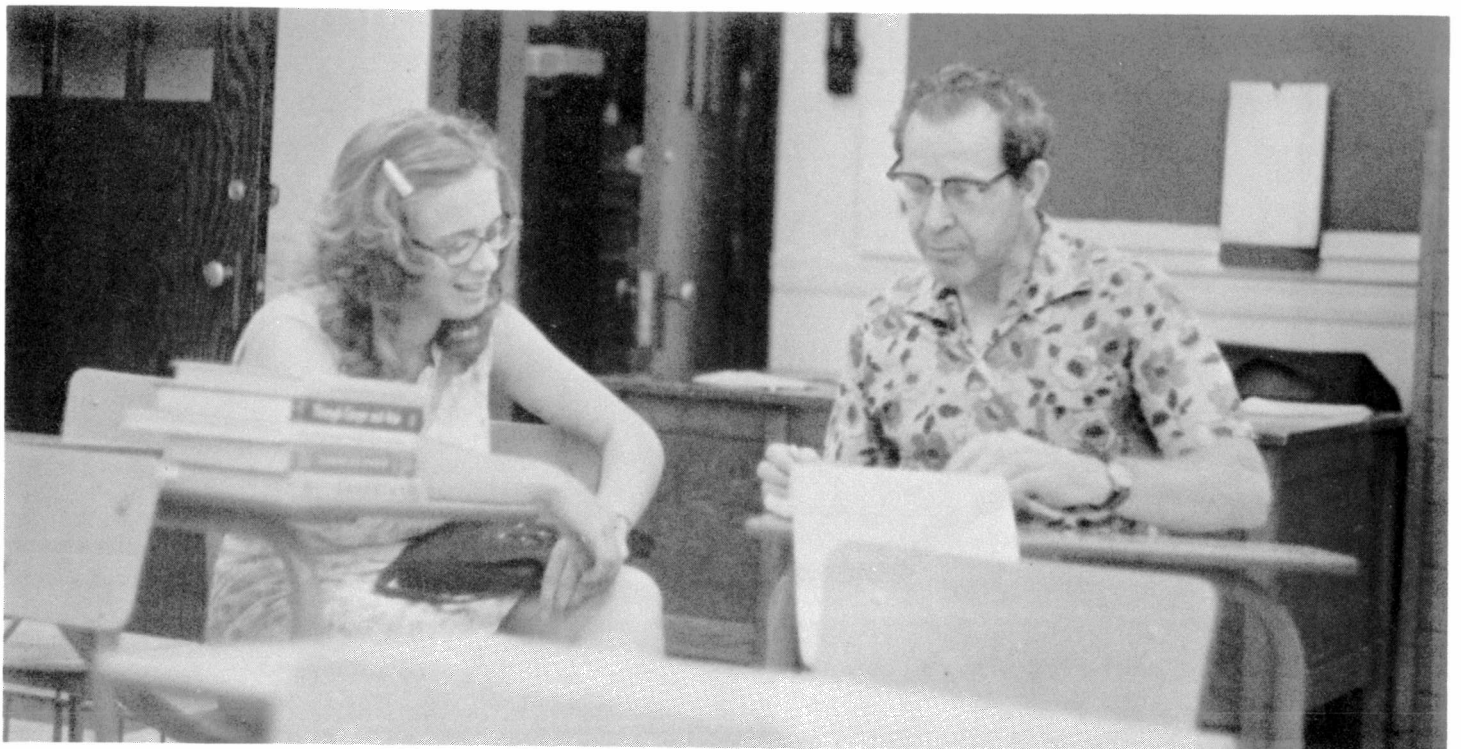

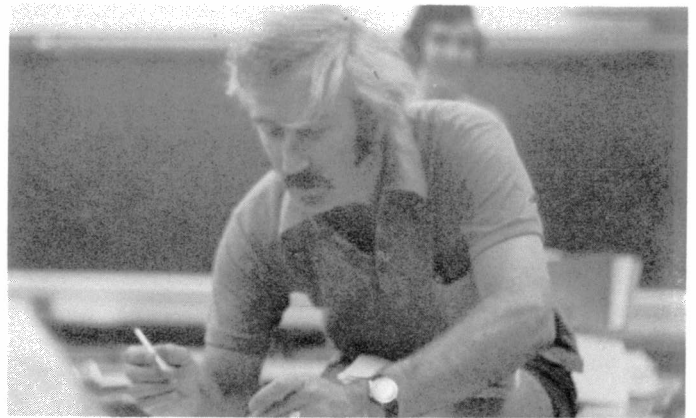

The geography that is taught to students must be the geography of geographers, even though it be often elementary and always carefully selected. It must recognize the physical and human aspects of geography as well as the economic and keep a balance between them.

A new course being introduced this fall is that of "Economic Geography". This course is not meant to be a course in economics but basically a description, discussion, and analysis of the natural resources of the world and their varying degrees of use and misuse as it is occurring in the 20th Century. The student will be presented with problems associated with natural resources, exhaustion, pollution, etc. and these problems will be discussed and alternatives will be presented. Also, other varieties of thought-provoking problems in economic geography will be diagnosed in lieu of a logical solution to a specific problem. Field trips to local industries and resource industries are among a few of the many trips taken in this new course.

By excluding exams from the curriculum emphasis is mainly on tests, assignments, and research papers.

50 Years of Music and the Band Plays On

Scits may be 50 years old, but it sure does not sound that way. Our Stage and Symphonic Bands, under the direction of Mr. Don Jolley have proven this to us once again.

The once known Senior Band is now referred to as the "Symphonic Band". It consists of 72 members, 44 being girls and the remainder, 28 boys.

The band helped the school celebrate its 50th Anniversary when they, along with many others, entered a float in the Golden Anniversary Parade, which was held Saturday October 28, 1972. That evening an Alumni Dinner and Dance was held to commemorate the School's Birth. There a musical background was provided by the 25 membered Scits Stage Band, the Royal Blues. Not only does the Stage Band perform for the school but for the public as well. This year they travelled to Brigden, played for the Lions Club and at a Marching Angel Dance - one of the leading Drum Corps of Sarnia. Along with other groups and bands from Lambton County, the Stage Band performed at the Sarnia Public Library and Art Gallery where they raised funds for a Grand Piano.

The Scits Symphonic Band held a Christmas Concert which was very enlightening to the public. It was a first and proved to be very successful.

Both the Scits' Stage Band and the Symphonic Band took part in the Lambton County Music Festival held in May. The Stage Band won a mark of 79.280 or second place standing and the Symphonic Band is classified as an "A" band. To end a busy year, the Symphonic Band appeared in the opening ceremonies at Bob-lo Island, Sunday May 27, 1973.

A special thanks from the band as well as from the rest of the school goes to Mr. John Downie who, as usual, handles the Master of Ceremonies duties magnificently.

TOP: Jan Church, band member. BOTTOM LEFT: Mr. R. Scott. BOTTOM RIGHT: Mr. D. Jolley conducts the Stage Band in a performance on the front campus.

Language Continues to Broaden its Scope

The Modern Language Department has changed its curriculum very little since last year.

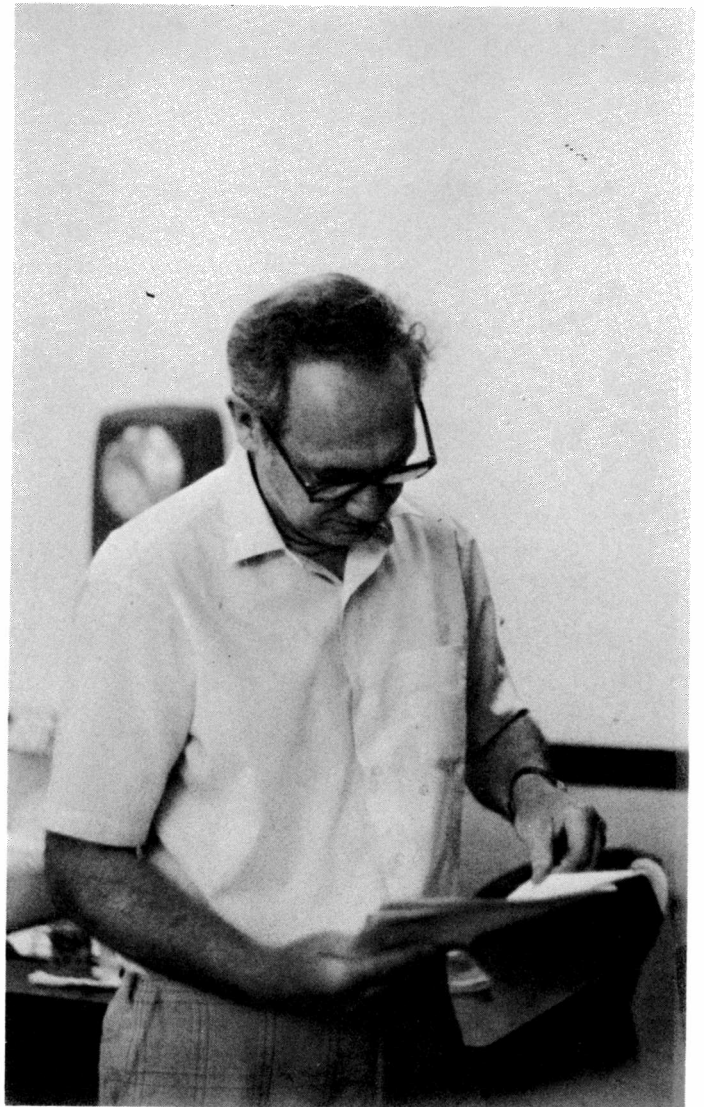

While languages such as Russian seem to be taking a back seat, Spanish is moving ever forward. This year it was offered at the Grade 11 level and it is hoped that in the next few years it will have moved right on up to Grade 13.

However, there does seem to be a shortage of students taking French in high school. A few years ago first-year French students were numerous and there were as many as seven or eight classes each year. Students nowadays seem to place less importance on our country's second language which is French, and drop it right after public school.

Also, there will be no French B next year because there is not a sufficient number of students interested in this particular course.

In this day and age when travel from one end of the continent to the other takes only a matter of a few hours, it is even more important that everyone be able to speak more than just their native language.

Teachers in the Modern Language Department include Mr. Little (head), Mr. McLellan, Mrs. Lewis, Mr. Shaver, Mr. Carnegie and Miss Coffey.

Mathematics Refuses to Stand Still

Mathematics is one of the few subjects that has remained popular since the introduction of the credit system. More students consider it to be a worthwhile asset to their academic career throughout high school.

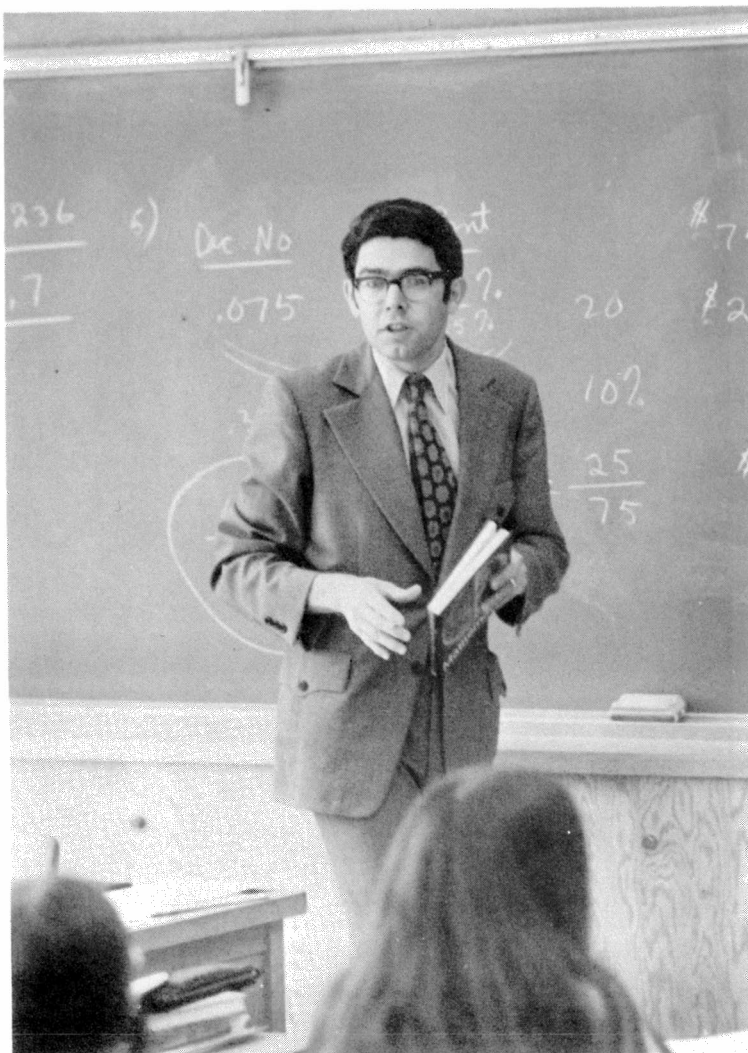

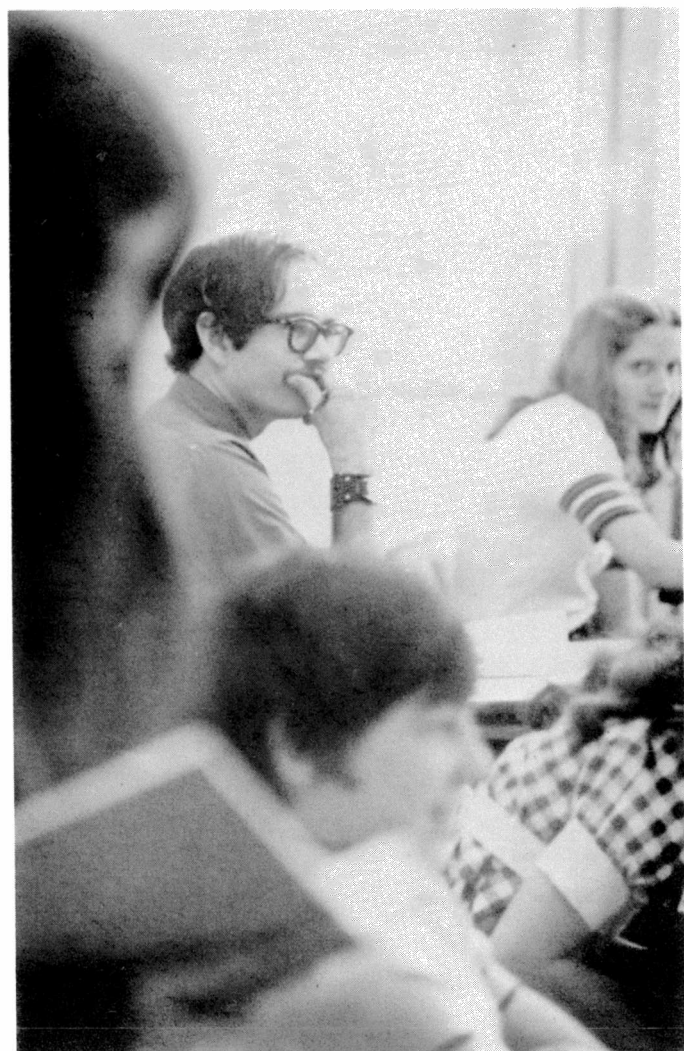

Now, the Commercial Math has become more of a General Math and instead of dropping the more advanced math completely, students appear to be falling back on this course. Another benefactor may be because our Board of Education is fairly flexible and, therefore, the teacher is more apt to experiment with new ideas. Mr. Scott, for example experimented with his Grade 13 Calculus class for the first term only. The idea was not entirely brand new, however, for it had been tried the previous year on a class of grade 10's and found to be fairly successful. The students were able to work on their own according to their own speed for the exception of lecture days. Each unit consisted of one test and the results were either "satisfactory" or "unsatisfactory". The student was given the maximum of ten minutes to correct the test and if he was still unsuccessful he would be given a different test for that same unit. Tests could either be written during school or after class.

Well, since it seems inevitable that Mathematics will be around for a while yet, it is still good to know that there are still many more changes to be made.

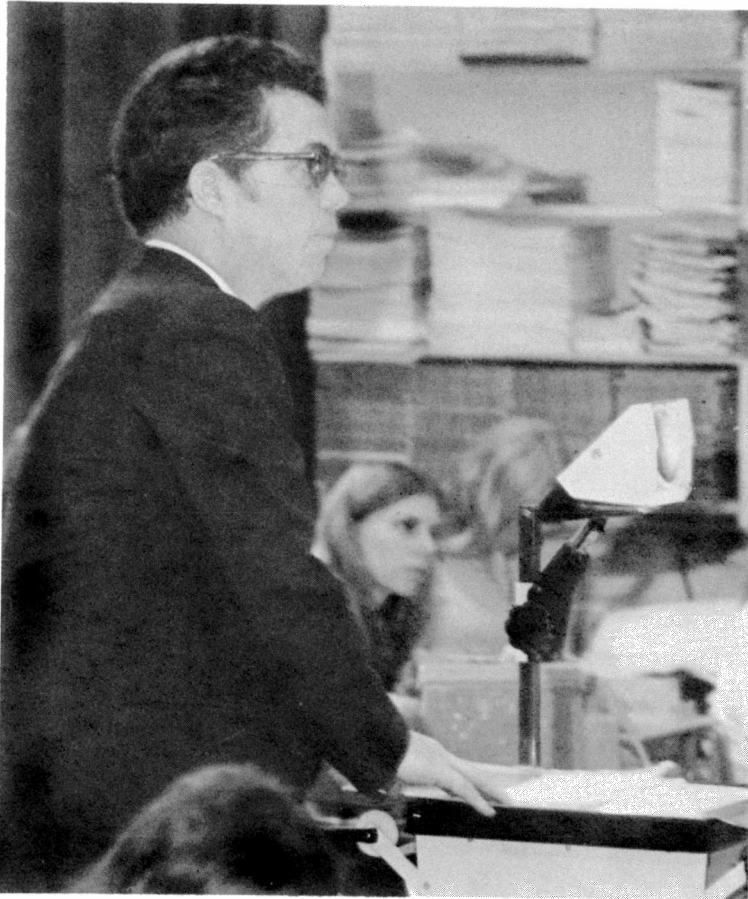

Our Math teachers this year include Mr. W. Scott (Dept. Head), Mr. Downie (Ass't Head), Mr. Wells (Ass't Head), Mr. Mitchell, Mr. Hazzard, Mr. Sprenger, Mr. Kendall and Mr. Farrar.

ABOVE: Mr. A. Wells. BOTTOM LEFT: Mr. J. Hazzard, and Mr. W. Scott, Head of the Math Department.

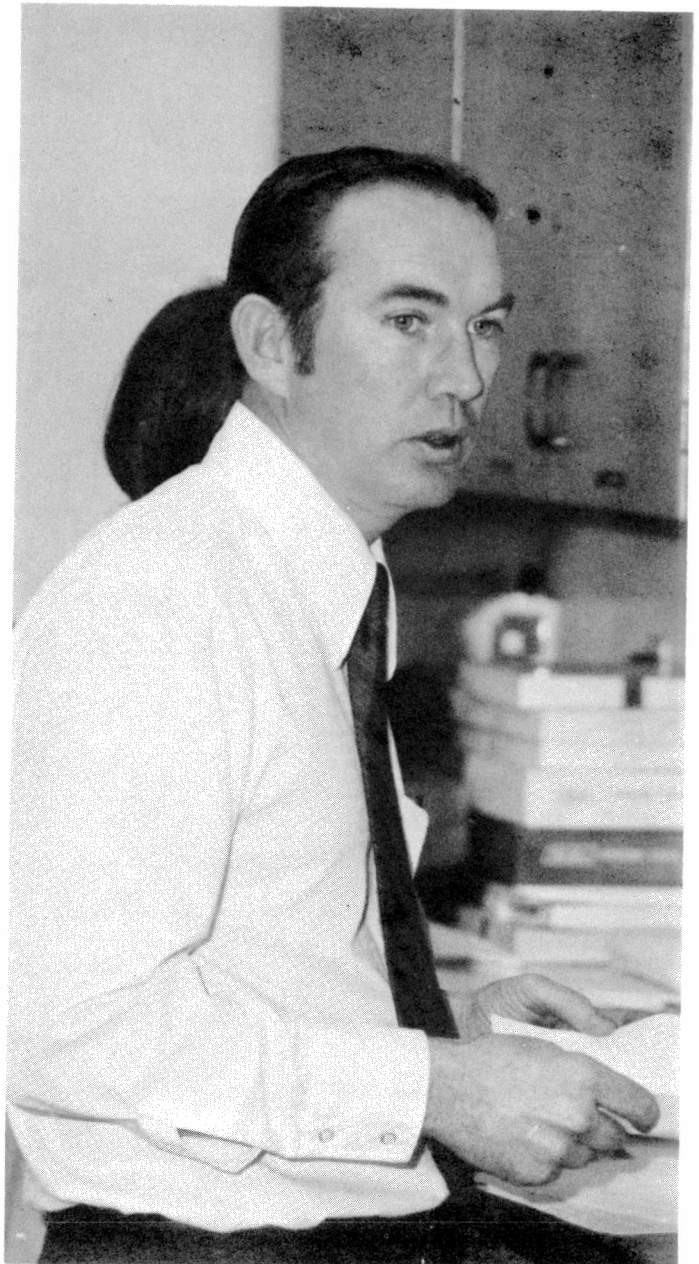

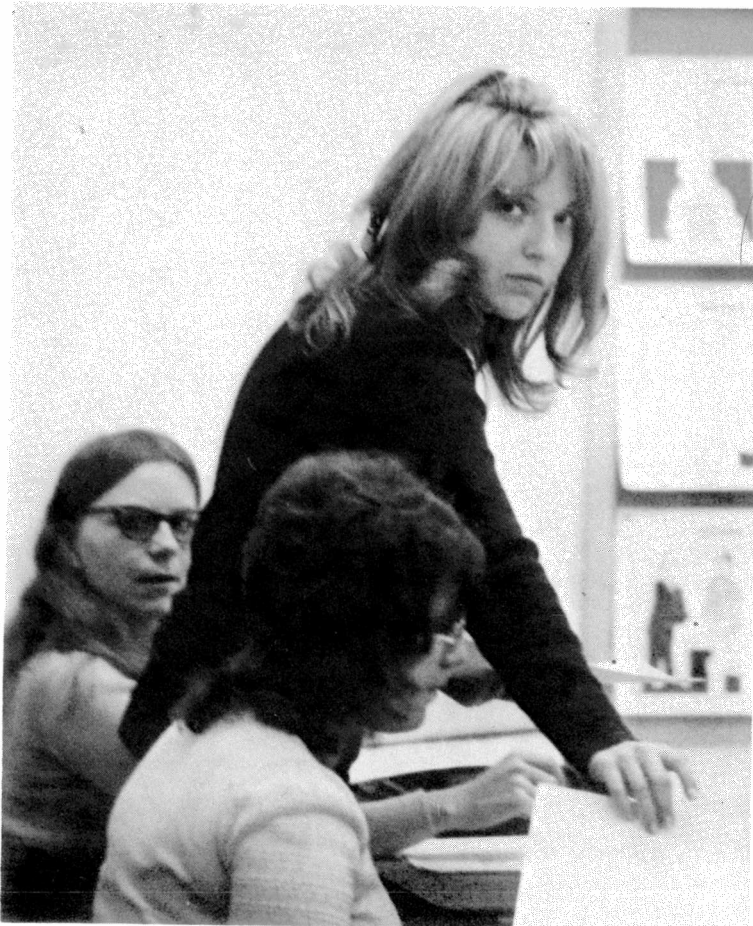

Commercial courses stress job reality

The Commercial Office is one of the busiest places at Scits. The emphasis upon practicality and real office experience carries over to specialized courses in data processing, marketing, secretarial science and office practise. Senior courses are offered in business machines, law and shorthand. Typing and introductory shorthand are popular courses with Grade nine and ten students whether or not they are intent upon an academic or business career. Proficiency in these disciplines is stressed in Grade eleven and twelve. A year of special study for graduating students, commonly called "C Special" provides concentrated work in business and commerce subjects.

On the job experience is offered each spring during "Work Week" when students work for numerous businesses in the community.

TOP LEFT: Mr. J. Kinschular. BOTTOM LEFT: Miss J. Stepinski. BELOW: Mr. P. Stewart who leaves us for a new position at Central as head of the Commercial Department there.

Home Economics Department

The Home Economics Department is under the direction of Miss V. Duke. Assisting her are Mrs. H. Vosberg and Mrs. S. Thompson.

At S.C.I.T.S., Home Economics is offered from grade 9 through 13. In grade 9 students receive an introductory course in basic food preparation, nutrition, home management and consumer education. A study of fibres and wardrobe planning is also available. A more indepth outlook is taught in grade 10.

Foreign Foods, Family Living and Textiles are stressed in grade 11. Here the students have an opportunity to prepare and sample dishes from all parts of the world. The grade 12 course deals with Home Management and Interior Decorating.

In grade 13 the Home Economics Department undergoes numerous changes. One of the biggest changes is the enrolment of the male gender in the course. The socialization of man, his cultural views, the family structure are dealt with from ancient Hebrew times up to the present, including speculation of the future.

Ann Pippard, a recent graduate of Waterloo Lutheran, and a former student of S.C.I.T.S., (class of '69), discussed future studies in the field of Home Economics with grade 13.

As for the future of the Home Economics Department at S.C.I.T.S., it is hoped that the department will be remodelled after 50 years of service.

Sports

Blue Bombers have tough Grid Season

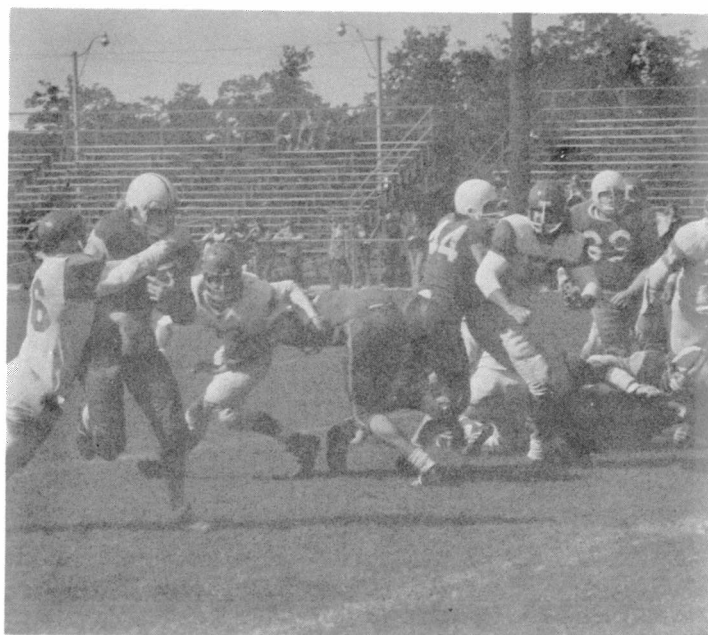

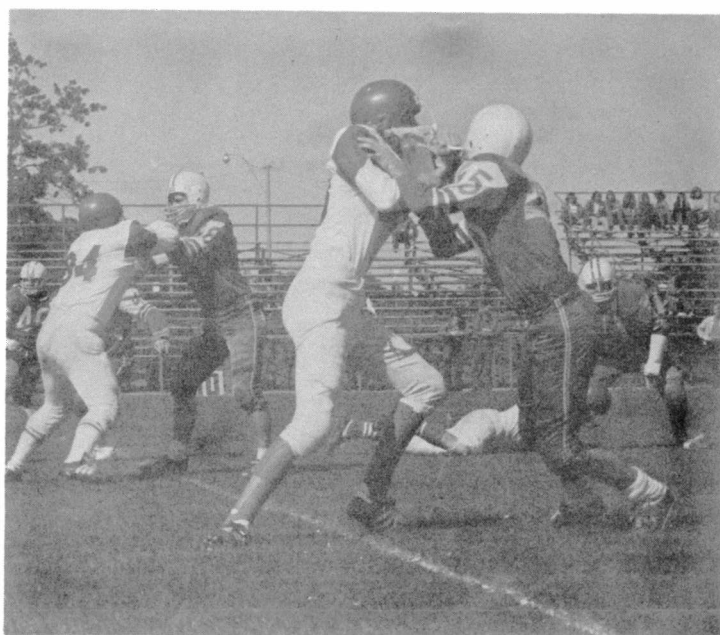

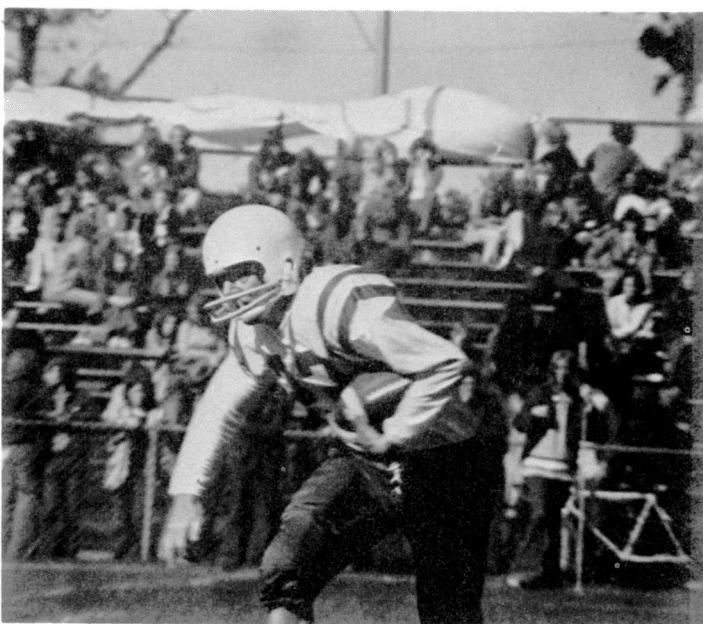

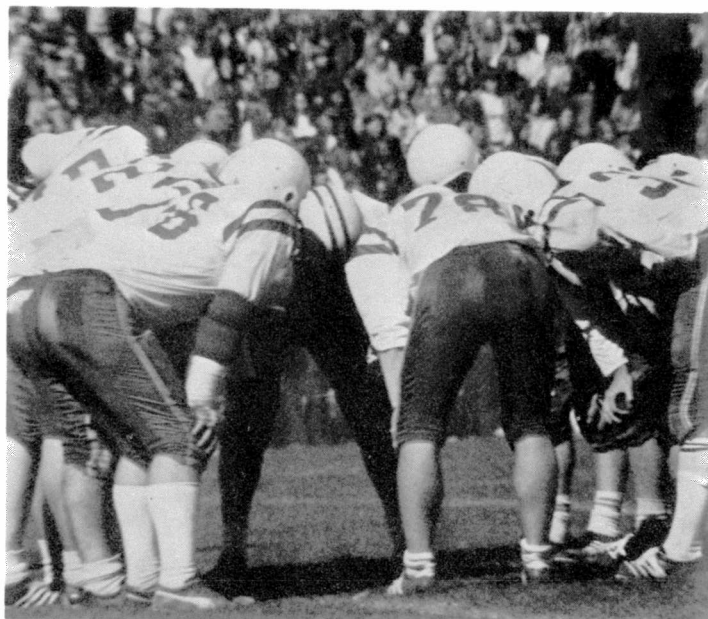

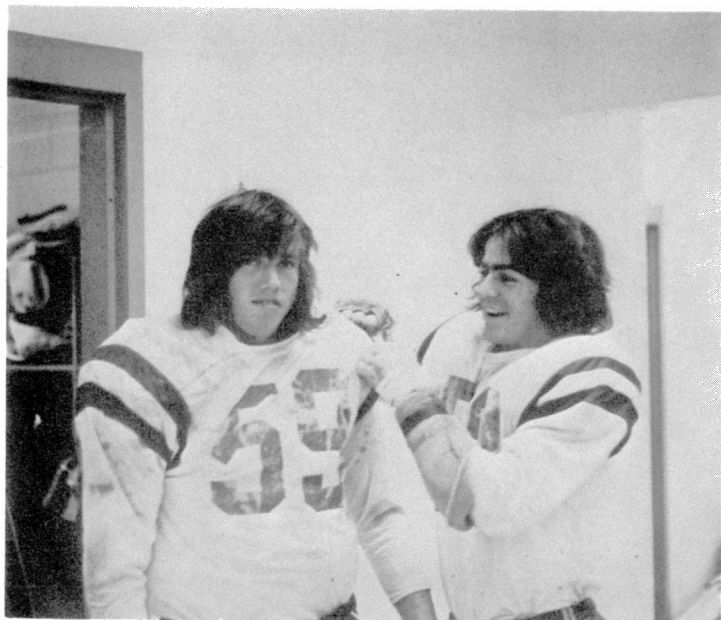

FRONT ROW (l-r): D. Smith (Senior Coach), Brian Timmington, Lorne Callum, Pete Sparks, Mike Hardy, Giles Guenette, Ken Weed, John Allen, Frank Stewart, Steve Renaud, Rick Crombeen, Mike Jacques, Coaches: Zigmond, Hall, Scott. **SECOND ROW**: John Mattingley, Scott McKelvie, Geoff Paradis, Bill Chong, Dave McCracken, Glen Prozorowicz, Rick Bettridge, Brian Shortt, Larry McKenzie, Randy Martin. **BACK ROW**: Coach Tyro, Stan Jarenek, Darrell Chong, Mark Prendergast, Lynwood Cottrelle, Art Lalonde, John Williams, Bruce Sparks, John Kirby, Howard Bowling, Ron Lariviere. **ABSENT**: Stan Matcj, Jim Maitland.

FINAL STANDING

	<u>W</u>	<u>L</u>	<u>T</u>	<u>A</u>	<u>Pts.</u>
Northern	4	1	72	34	8
Central	4	1	101	25	8
St. Clair	3	2	67	54	6
SCI-TS	2	3	52	76	4
Petrolia	1	4	30	70	2
St. Pat's	1	4	39	100	2

(Opp. Page) **TOP LEFT**: Jim Maitland and Jack Popowich. **MIDDLE LEFT**: Stan Mataj. **BOTTOM LEFT**: Exhibition game against St. Thomas (Seniors). **MIDDLE RIGHT**: Larry McKenzie.

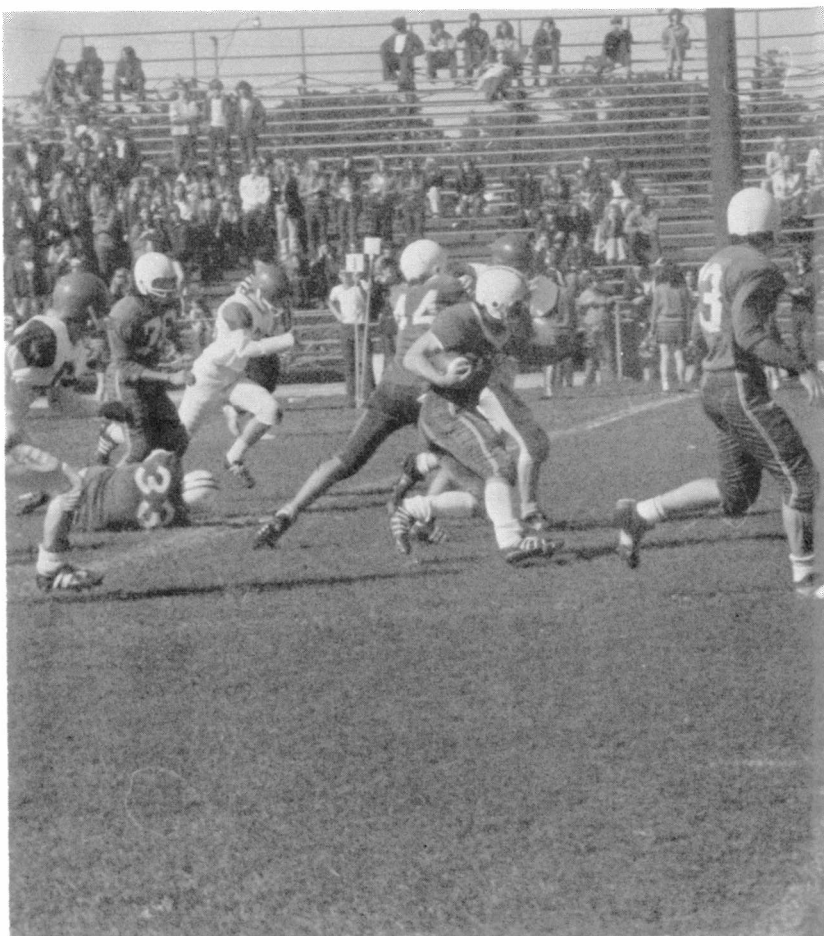

This year's Senior Blue Bombers were very disappointing to new head coach Dave Smith, until he realized the potential of the team to "Win the Big One". In the opening game SCITS was defeated by Northern 33-7, but in the second game SCITS met St. Pat's and jumped back to a 13-6 victory which was the beginning of a short, but glorious uphill drive. Next, SCITS took on Petrolia and through good team effort beat the Lancers 16-6.

The annual Red Feather Night found the Bombers pitted against the St. Clair Colts. Although the game went our way, St. Clair squeaked by an 11-10 win. In the last game of the regular season Central defeated the Bombers by a 20-6 margin. In the semifinal game, which was said by many to be the best game of the season, the SCITS Blue Bombers, through a brilliant defence, came up with a 2-0 win.

The final game came with the Bombers against the Colts. The Bombers came to revenge the 11-10 loss suffered during the regular season but victory was denied as on the last play of the game the Colts kicked into the end zone and while trying to escape St. Clair tacklers, a Bomber player stepped out of bounds, which gave the Colts a single point and the game: Colts 14, SCITS 13!

Soccer

This year's win-loss records cannot tell the true story of both the Senior and Junior Soccer teams. Although both teams lacked large numbers in goals scored, there certainly was no lack of team spirit for the boys. A great deal of credit for this spirit must go to the coaches Mr. Carnegie (Sr.), and Mr. Robinson (Jr.) for their efforts.

Athletic Awards Night

This was a first for individual Athletic Awards at SCITS. Out of each team, four or five boys were nominated for the award although only one was presented with the award for that sport. It is considered an honour just to be nominated. Hopefully, the awards night and presentations will be continued.

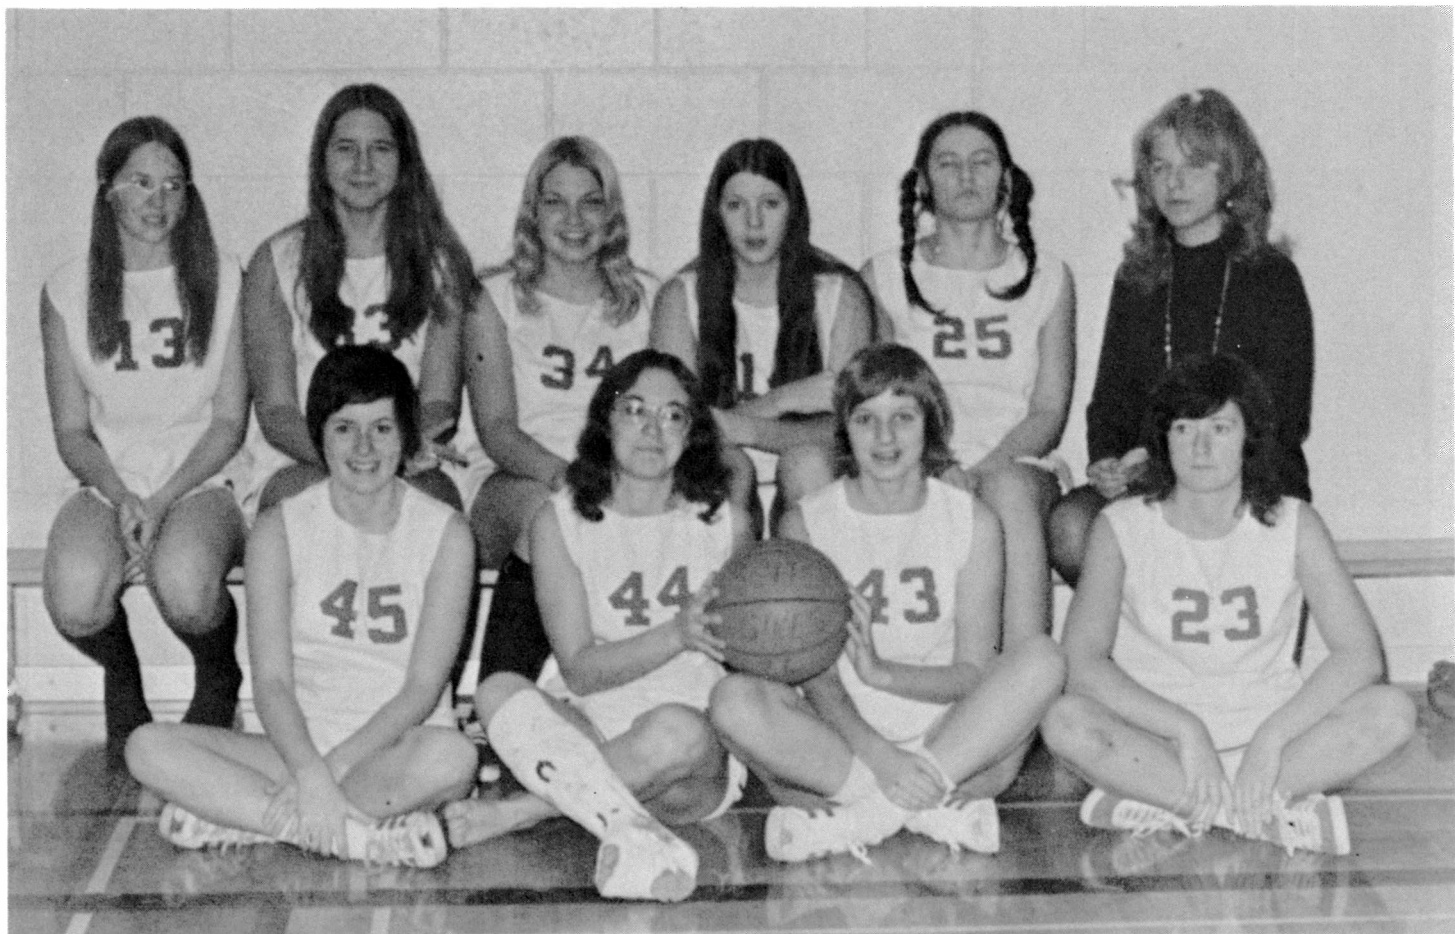

The guest speaker for the night was a former SCITS student, Wayne Merrick, of the St. Louis Blues.

'73 WINNERS

Girls' Sports

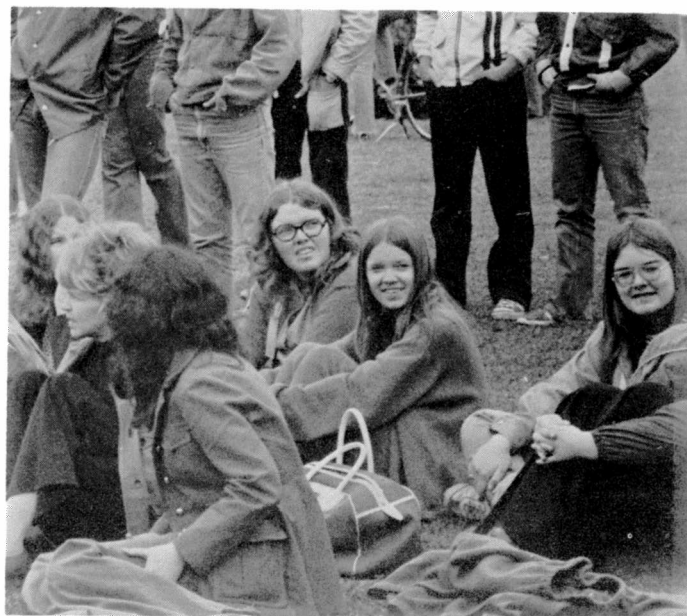

SENIOR GIRLS' BASKETBALL

This year's Senior Basketball team displayed an enthusiastic and competitive spirit. Their speed, sportsmanship, and skill showed the workmanship of a real team. Determination and team effort made them eligible for the play-offs where they were defeated by St. Clair High School. Next season they hope they'll grab the lead again and never look back from the number one position.

(Opposite Page) FRONT ROW: Mary Marshall, Pat McGarry (Captain), Jan Laurence, Brenda Cornish. BACK ROW: Lori Gibb, Chris McKenzie, Terry Gibb, Roben Garrison, Nora McLean, Miss Stepinski (Coach). ABSENT: Monica Westfall, Cindy Garrison.

JUNIOR GIRLS' BASKETBALL

TOP: Cindy McRae in shot put effort.

Girls' Volleyball

The Junior Girls' Volleyball team had an exciting '72-'73 season. The SCITS team, captained by Colleen Westfall, finished fourth in the LSSAA league in which match separated each of the first four teams.

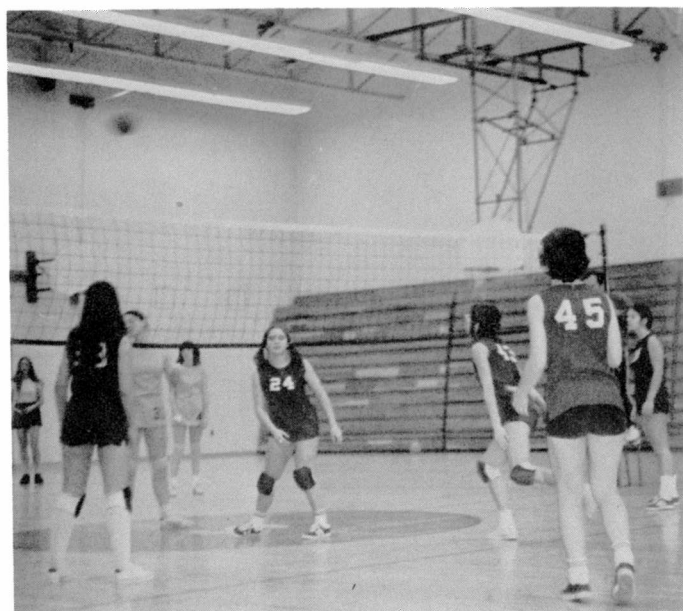

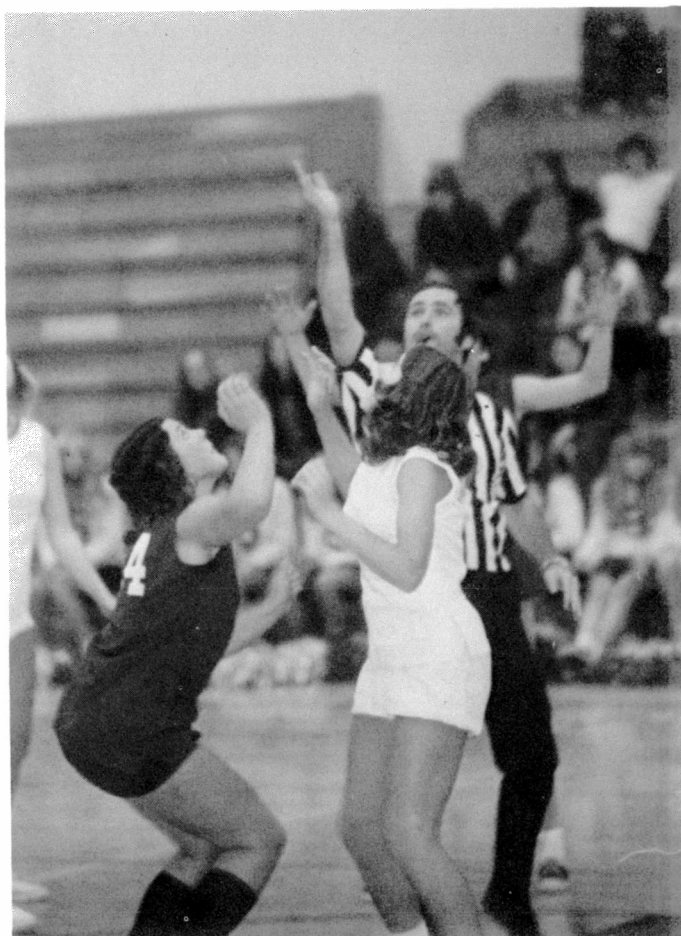

The team really showed its potential in the February Tournament when they won five of their matches in two straight games. Watch for great things from these gals on the volleyball courts next season!

Below is a sample of one of the many poems written by the coach to inspire her team:

*You know this game's a big one,
There's not much I can say-
You've got to work together
If you want to win today.
I know that you can do it-
You've surely got the skill.
Put forth your best effort,
This I know you will.*

*So let's go get them, Juniors,
Pass, set, spike and fight!
Let's uphold the honour,
Of our colours - Blue & White!*

Miss K.

Bank of Montreal

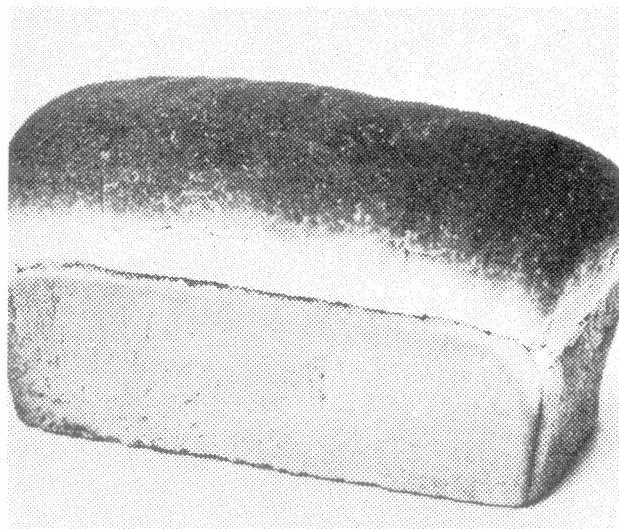

The First Canadian Bank

Money should do something. It should open up your life.

That doesn't mean you must go out and get a whole lot of money. It simply means that somebody who knows how to make his money work is going to find a lot more opportunities in life than somebody who doesn't. The Bank of Montreal is in the money business. We can show you how to make it work.

All you have to do is come in to any branch of the Bank of Montreal. Ask what a savings account or a chequing account can do for you. Ask *any* questions you have about money. We want your life to be filled with opportunities. **We want you to get your money's worth.**

Bread. It shouldn't loaf.
